A GUIDE TO PUBLIC ACCOUNTS

1. Scope of the Public Accounts

The 1977-78 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province and schedules of supporting information.

Volume 2 contains the financial statements of those provincial crown corporations, agencies, boards and commissions in which the Province has an investment or which have borrowed from the Province or from others with a guarantee by the Province. Also included are certain operational agencies which are funded substantially or entirely by revenues generated from their operations.

Volume 3 contains the details of expenditures required by the Standing Public Accounts Committee.

2. A Guide to Volume I of the Public Accounts

(1) Financial Statements

The financial statements of the Province are presented on a comparative basis and rounded to millions of dollars. The financial statements and notes disclose in summary, the major financial activities of the Province in the fiscal period and report on the significant aspects of financial position at the close of the fiscal period. Also included in this section is a summary of the Province's significant accounting policies.

(2) Schedules to the Financial Statements

The schedules to the financial statements report in greater detail and to the nearest dollar the content of the various financial statements. Supplementary analyses of both budgetary revenue and budgetary expenditure are provided. Also included are complete details of direct debt obligations and contingent liabilities at the fiscal year end.

(3) Miscellaneous Statements

Statements of certain special purpose accounts and other supplementary financial data are provided in this section. The financial statements of The Province of Ontario Savings Office, a branch of the Ministry of Revenue, also appear in this section.

(4) Ministry Statements

A Government-wide tabular Summary of Appropriations and Actual Expenditure is provided as an introduction to this section on page 85. Individual ministry reports of financial activity are provided on pages 87 to 511. The following six separate statements are presented for each ministry as applicable.

(a) "Statement of Expenditure by Program"

This statement provides an overview of the expenditures of each ministry. It shows, by ministry program and in total for the ministry, the amount of the current year's actual expenditures which is compared with the related appropriation for the current year and the previous year's actual expenditures. Ministry totals for budgetary expenditures and disbursements and charges are also shown.

(b) "Statement of Expenditure by Program and Activity"

This statement, prepared for each ministry program, is designed to show the activities comprising the program. The appropriation for each activity is analyzed according to funds appropriated through the Expenditure Estimates or approved by Management Board and the total is compared to the actual amount spent for the fiscal year. Statutory payments are reported separately. The "program description" narrative contained in the Expenditure Estimates is included with the statement to provide the reader with a general description of the program.

(c) "Details of Expenditure by Activity and Standard Accounts Classification"

This statement reports actual ministry expenditures for each program on the basis of the Standard Accounts Classification within each activity. Statutory Appropriations and Disbursements and Charges are not Standard Accounts. Amounts required for Statutory Appropriations and Disbursements and Charges are shown, where applicable, as separate entries under the Standard Accounts Classification details relating to each Activity.

The following is a brief outline of the types of budgetary expenditures included in each of the eight Standard Accounts comprising the Standard Accounts Classification:

Salaries and Wages

Includes salaries and wages, overtime and other remuneration paid to regular, probationary, unclassified and other staff; indemnities and allowances paid to Members of the Legislative Assembly; and foreign service and other special allowances paid to public servants.

Employee Benefits

Includes the government's contribution as an employer to the Canada Pension Plan; the Public Service Superannuation Fund; the Unemployment Insurance Fund; the Workmen's Compensation Board; and other employee benefit plans.

Transportation and Communication

Includes travelling expenses of public servants on government business and recipients of government services, such as wards of the Province; relocation expenses of public servants who are transferred or recruited; expenses of moving office furniture and equipment; costs of transportation of goods other than for initial delivery; mailing costs, such as postage and registration; and communication costs, such as telephone, telegram, and data communications.

Services

Includes information services, such as, advertising provided by professional agencies and advertising placed directly with the media; services for the production of departmental publications and films; rental and the purchase, repair and maintenance of machinery, equipment, buildings, land and engineering structures; data processing services; insurance premiums; and other professional and special services.

Supplies and Equipment

Includes provision for the purchase of all machinery and equipment; both new and used; and the purchase of all materials, supplies and utilities.

Acquisition/Construction of Physical Assets

Includes all costs of acquisition and construction by contrast of new and used buildings and engineering structures; and the cost of acquisition of land.

Transfer Payments

Includes grants, subsidies, assistance to persons; the business sector; non-commercial institutions; and other government bodies.

Other Transactions

Includes special transactions, such as Ontario Development Corporation—Loan forgiveness and Guarantees; and municipal taxes on A.R.D.A. owned property.

(d) "Statement of Budgetary Revenue"

This ministry statement reports on a comparative basis the fiscal year revenues analyzed by the sixteen standard revenue sources used in the Province's accounts. A more detailed analysis of amounts within the standard sources is provided where appropriate. All revenues are deposited to the Consolidated Revenue Fund and reporting by ministry denotes the revenue collection responsibility only.

(c) "Statement of Receipts"

This statement reports on a comparative basis the "receipts" which are the repayments of loans or recoveries of investments collected by the ministry. Reporting by a ministry generally denotes responsibility for the related loans, advances and investments made from the Consolidated Revenue Fund.

(f) "Statement of Credits"

This statement reports on a comparative basis the "credits" which are payments into deposit, trust and special purpose accounts received by the ministry. Reporting by a ministry generally denotes responsibility for the related trust administration account.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

THE ACCOUNTING ENTITY

In the operation of its financial affairs the Province of Ontario employs the concept of a Consolidated Revenue Fund, unique to the parliamentary system of government. The financial transactions of government ministries are recorded and displayed as Consolidated Revenue Fund cash inflows and outflows. With respect to the financial operations of provincial crown corporations, agencies, boards and commissions, the financial statements of the Consolidated Revenue Fund reflect only the extent to which their operations have been financed from or have contributed to the Fund for the year.

THE ACCOUNTING BASIS

The Province of Ontario uses the cash basis of accounting for its financial transactions, modified to allow an additional thirty days to pay for goods and services pertaining to the fiscal year just ended. In this regard, payments to employees for the pay period which overlaps the fiscal year end date are apportioned between the two years. The cash basis of accounting, modified as described, is used to disclose to the public the stewardship of the Government in regard to monies entrusted by appropriation, and raised through taxes and borrowing. Revenues and expenditures being unrelated in nature are matched only by timing of cash flow.

CLASSIFICATION OF TRANSACTIONS

The transactions of the Province of Ontario are presented in summary form according to the three distinct areas of government activity through the Consolidated Revenue Fund.

"Budgetary Transactions" are operational activities which include the revenues raised through taxation, premiums, fees, licences and permits, payments from the federal government under shared-cost programs and income from investments. Expenditures on government programs include payments for goods and services, interest on the public debt, salaries, transfer payments to individuals, municipalities and institutions under various social programs, subsidies and grants, and the acquisition or creation of fixed assets. The extent to which revenue exceeds or falls short of expenditure directly decreases or increases the net debt of the Province.

"Non-Budgetary Transactions" are the lending, investment and trust administration functions which include, as distinct from expenditure, the government lending and investment activity in various crown corporations, agencies and municipalities. All of these loans and advances are repayable or represent equity holdings supported by the assets of the corporations. Also included in this category is the activity within deposit, trust and certain special purpose accounts. "Disbursements" is the term used to describe the lending and investment transactions of the government. "Receipts" consist of the repayment of loans or recovery of investments. "Credits" is the term used to describe payments into deposit, trust and special purpose accounts. Payments made from these same accounts are termed "Charges".

"Debt Transactions" are the borrowing and repayment transactions which include obligations issued by both non-public and public sources of funds.

ASSETS AND LIABILITIES

The assets and liabilities reported in the financial statements are financial claims which have been created by cash transactions. The assets are claims by the Consolidated Revenue Fund on other parties. The liabilities are claims by other parties on the Consolidated Revenue Fund.

Since expenditures on fixed assets are not considered to differ from any other service to the public, they are expensed as budgetary items in the year of acquisition. Neither do they represent financial claims on others and are therefore not reported as balance sheet assets.

Debentures, notes and treasury bills are recorded as liabilities at the face value of the debt instrument, and discount, premium and commission expenses are treated as current year budgetary transactions. The general resources of the Province are used for the continued orderly retirement of debt and no sinking funds are maintained for this purpose.

The contingent liabilities of the Province consist of guarantees by the Treasurer of Ontario of debt instruments issued by provincial agencies, boards and commissions and bank loans under certain government programs. Other significant legal commitments and liabilities are disclosed in notes to the financial statements.

The net debt of the Province is the excess of liabilities over recorded assets. It is also the accumulation of all budgetary deficits and surpluses since Confederation. The year-to-year change in net debt is the amount by which revenues exceed or are less than budgetary expenditures.

NOTES TO THE FINANCIAL STATEMENTS

(all figures in millions of dollars)

1. Cash, Temporary Investments and Marketable Securities

Temporary investments, which include obligations of Canadian chartered banks and other short-term investments, are recorded at cost. Marketable securities, which include debentures and bonds issued by the Province of Ontario and Ontario Hydro, are recorded at cost which was \$82 million at March 31, 1978 (1977 \$105 million). The market value of these securities was \$80 million at March 31, 1978 (1977 \$102 million).

2. Advances to Ontario Hydro

	1978	1977
Secured by bonds	\$2,901	\$2,510
Nuclear power generating station—Pickering	25	47
	<u>\$2,926</u>	<u>\$2,557</u>

The Province, in addition to guaranteeing all Ontario Hydro debt obligations, has issued U.S. dollar debentures on behalf of Ontario Hydro. The proceeds have been advanced to Ontario Hydro in exchange for U.S. dollar bonds with the same terms and conditions as the debentures of the Province. These borrowing and lending transactions, which fall outside the Province's own budget framework, increased the Province's level of non-budgetary transactions, cash requirements and debt transactions by \$392 million (1977 \$270 million). In addition, the interest payments related to such borrowing and lending transactions increased the level of budgetary revenue and budgetary expenditure by \$209 million (1977 \$178 million).

The Province, by agreement with Ontario Hydro and Atomic Energy of Canada Limited, contributed \$100 million to the capital cost of the Pickering nuclear power generating plant and under the terms of the agreement receives payments based on the net operational advantages of the plant. These payments, which have amounted to \$75 million, have been applied to reduce the advance.

3. Advances and Investments—Other Corporations, Boards and Commissions

	1978	1977
The Ontario Education Capital Aid Corporation	\$1,274	\$1,254
The Ontario Universities Capital Aid Corporation	1,232	1,225
Ontario Mortgage Corporation	758	694
Ontario Housing Corporation	349	330
Ontario Land Corporation	332	338
Development Corporations	179	157
Ontario Energy Corporation	100	100
Other	231	235
	<u>\$4,455</u>	<u>\$4,333</u>

The Ontario Education Capital Aid Corporation receives government advances to purchase bonds or debentures issued by school boards for capital expansion programs. The securities held by the Corporation are the obligations of the individual school boards. Under current support arrangements for local school boards, a portion of approved operating costs (which include interest and principal payments) is covered by provincial grants.

The Ontario Universities Capital Aid Corporation employs government advances to purchase bonds or debentures issued by provincial universities, colleges, the Art Gallery of Ontario, the Royal Ontario Museum and municipalities on behalf of public libraries, for approved capital construction projects. The securities held by the Corporation are the obligations of the issuing institutions. However, under the Province's current program of financial support of post-secondary education, these institutions received annual budgetary grants in 1978 of \$112 million (1977 \$109 million) from the Province to cover the full amount of principal and interest due to the Corporation.

Ontario Mortgage Corporation utilizes Provincial funds to provide subsidized mortgages for home ownership and rental accommodation. The programs are directed at low to moderate income groups and areas with low vacancy rates. The Province paid subsidies amounting to \$1.8 million in 1978 (1977 \$1.6 million) to the Corporation for certain loans made at interest rates lower than cost.

NOTES TO THE FINANCIAL STATEMENTS—Continued

Ontario Housing Corporation plans, constructs and manages residential housing projects. Financing is provided by the Province and Central Mortgage and Housing Corporation (a federal crown corporation). Operating subsidies are shared by the Province, Central Mortgage and Housing Corporation, and municipalities. The Province's share of the subsidy for the calendar year 1977 was \$80 million (1976 \$67 million).

Ontario Land Corporation employs advances from the Province to assemble land for new communities and industrial parks in Ontario. The assets of the Corporation are primarily land.

Ontario Development Corporation and the related Eastern Ontario Development Corporation and Northern Ontario Development Corporation are lenders of last resort for the encouragement and expansion of manufacturing and tourist operations in slow growth areas, the expansion of exports and substitution of imports, and the launching of new products and techniques. The Province's investment is made up of \$7 million in equity and the remainder in advances. The Corporations have a \$6 million equity investment in industrial parks, but the bulk of the assets are loans. The Corporations received payments of \$11.9 million in 1978 (1977 \$16.4 million) to cover loans forgiven and written off.

Ontario Energy Corporation was established with a \$100 million equity investment by the Province to develop energy sources for Ontario through investment in energy exploration, development and production. The Corporation's major involvement is a 5% equity position in Syncrude Canada Ltd. (a joint venture of government and private enterprise to establish a synthetic crude oil plant in the tar sands of northern Alberta). The Corporation has also been participating in the research aspects of the Polar Gas Project which is studying the movement of natural gas from the eastern high Arctic to southern markets. At March 31, 1978 the Corporation had invested \$89 million in Syncrude and \$11 million in the Polar Gas Project.

4. Investments in Water Treatment and Waste Control Facilities

The Ministry of the Environment lets extensive contracts for the building of water and sewage systems to serve municipalities. These investments are being recovered over the life of agreements with the municipalities. Certain of the agreements provide for the accumulation of the principal portion of annual amortization payments in a sinking fund. The accumulated balance in such funds (included in deposit, trust and reserve accounts) was \$41 million at March 31, 1978 (1977 \$38 million). Other agreements are for projects which are subject to service rate billings. The amount received from service rate billings in 1978 was \$48 million (1977 \$34 million) of which \$8.3 million (1977 \$6.5 million) was applied to reduce the investment account.

5. Other Loans and Investments

Included in other loans and investments are Ministry of Health capital construction loans to public hospitals amounting to \$256 million (1977 \$243 million). During the 1978 fiscal year, the Province made grants of \$17.9 million (1977 \$16.2 million) to assist public hospitals in meeting principal and interest payments.

Legislative Assembly Retirement Allowances Account	12	11
	<u>\$1,336</u>	<u>\$1,140</u>

The Province of Ontario maintains deposit accounts within the Consolidated Revenue Fund for all contributions and interest earnings less pension payments for both the Public Service Superannuation Fund and Legislative Assembly Retirement Allowances Account. The amounts recorded by the Province are essentially the sole assets of these pension plans.

Based on an actuarial report as at December 31, 1976, the Public Service Superannuation Fund had unfunded liabilities as follows:

1. An initial unfunded liability of \$83 million, upon which an interest contribution of \$6 million is required to be credited annually in accordance with The Pension Benefits Act.
2. Residual unfunded liabilities of \$422 million which are required to be amortized by annual payments of \$49 million until January 1, 1990 and \$32 million on January 1, 1991 and 1992.

As at March 31, 1978, the Province had made all scheduled payments.

NOTES TO THE FINANCIAL STATEMENTS—Continued

An actuarial review of the Legislative Assembly Retirement Allowances Account as at March 31, 1978, received subsequent to the fiscal year end, reported an unfunded liability of \$3 million. The policy of the government, in regard to this account, is to contribute the amount of unfunded liabilities when they are reported.

Teachers' Superannuation Fund

Through the budgetary expenditures of the Ministry of Education, the Province of Ontario makes annual contributions to the Teachers' Superannuation Fund (which is administered by the Teachers' Superannuation Commission) equal in amount to contributions by members. Further, the Province is committed to paying any deficiency in the Fund.

Based on an actuarial report as at December 31, 1975, the Teachers' Superannuation Fund had unfunded liabilities as follows:

1. An initial unfunded liability of \$328 million upon which an interest contribution of \$23 million is required to be credited annually in accordance with The Pension Benefits Act.
2. Residual unfunded liabilities of \$1,069 million which are required to be amortized by annual payments of \$121 million until December 31, 1980, \$116 million from December 31, 1981 to December 31, 1989 and \$94 million on December 31, 1990.

As at March 31, 1978, the Province had made all scheduled payments.

9. Long-Term Leases

The Province has long-term lease commitments for accommodation amounting to \$153 million to 1983 and an additional \$124 million for years beyond 1983. The lease payments made in 1977-78 amounted to \$51 million.

10. Established Programs Financing

In 1977 the Province of Ontario agreed to revised fiscal arrangements with the Government of Canada in regard to the major cost-sharing agreements. In general terms, the new agreement provided for a replacement of the cost-sharing for hospital insurance and diagnostic services, medical care and post-secondary education with a transfer of new tax room to the Province in the personal income tax field and a cash payment which will grow annually at a rate based on the Gross National Expenditure. At the same time a similar cash payment was established for Extended Health Care which had previously been funded under the Canada Assistance Plan. The cash payments are reported as Established Programs Financing in the statement of Budgetary Revenue. These new arrangements are in effect until at least March 31, 1982.

11. Comparative Figures

Where necessary, 1977 comparative figures have been reclassified to conform with the 1978 financial statement presentation.

12. Anti-Inflation Legislation

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Province is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

PROVINCIAL AUDITOR'S OPINION

I have examined the statement of assets and liabilities of the Province of Ontario as at March 31, 1978 and the statements of consolidated revenue fund, budgetary revenue, budgetary expenditure, non-budgetary transactions and debt transactions for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Province as at March 31, 1978 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year. The generally accepted accounting principles are those relative to government accounting and are described under the heading of "Summary of Significant Accounting Policies" on page 12 of Volume 1 of the Public Accounts.

In accordance with section 20 of The Audit Act, a report will be made to the Legislative Assembly.

A handwritten signature in dark ink, appearing to read 'F. N. Scott', with a large, sweeping flourish at the end.

F. N. SCOTT, C.A.,

Provincial Auditor.

SCHEDULES TO STATEMENT OF ASSETS AND LIABILITIES—Continued

The Ontario Education Capital Aid Corporation receives government advances to purchase bonds or debentures issued by school boards for capital expansion programs. The securities held by the Corporation are the obligations of the individual school boards. Under current support arrangements for local school boards, a portion of approved operating costs (which include interest and principal payments) is covered by provincial grants.

The Ontario Universities Capital Aid Corporation employs government advances to purchase bonds or debentures issued by provincial universities, colleges, the Art Gallery of Ontario, the Royal Ontario Museum and municipalities on behalf of public libraries, for approved capital construction projects. The securities held by the Corporation are the obligations of the issuing institutions. However, under the Province's current program of financial support of post-secondary education, these institutions received annual budgetary grants in 1978 of \$111,615,738 (1977 \$108,759,164) from the Province to cover the full amount of principal and interest due to the Corporation.

Ontario Mortgage Corporation utilizes Provincial funds to provide subsidized mortgages for home ownership and rental accommodation. The programs are directed at low to moderate income groups and areas with low vacancy rates. The Province paid subsidies amounting to \$1,810,000 in 1978 (1977 \$1,602,598) to the Corporation for certain loans made at interest rates lower than cost.

Ontario Housing Corporation plans, constructs and manages residential housing projects. Financing is provided by the Province and Central Mortgage and Housing Corporation (a federal crown corporation). Operating subsidies are shared by the Province, Central Mortgage and Housing Corporation, and municipalities. The Province's share of the subsidy for the calendar year 1977 was \$79,936,025 (1976 \$66,643,025).

Ontario Student Housing Corporation was established in 1966 for the purpose of developing housing projects for students and their families.

Ontario Land Corporation employs advances from the Province to assemble land for new communities and industrial parks in Ontario. The assets of the Corporation are primarily land.

Ontario Energy Corporation was established with a \$100,000,000 equity investment by the Province to develop energy sources for Ontario through investments in energy exploration, development and production. A further \$146,079 has been advanced for the Corporation's investment program. The Corporation's major involvement is a 5% equity position in Syncrude Canada Ltd. (a joint venture of government and private enterprise to establish a synthetic crude oil plant in the tar sands of northern Alberta). The Corporation has also been participating in the research aspects of the Polar Gas Project which is studying the movement of natural gas from the eastern high Arctic to southern markets. At March 31, 1978 the Corporation had invested \$89,539,805 in Syncrude and \$10,604,473 in the Polar Gas Project.

Ontario Development Corporation and the related Eastern Ontario Development Corporation and Northern Ontario Development Corporation are lenders of last resort for the encouragement and expansion of manufacturing and tourist operations in slow growth areas, the expansion of exports and substitution of imports, and the launching of new products and techniques. The Province's investment is made up of \$7,000,000 in equity and the remainder in advances. The Corporations have a \$6,282,180 equity investment in industrial parks, but the bulk of the assets are loans. The Corporations received payments of \$11,867,551 in 1978 (1977 \$16,403,313) to cover loans forgiven and written off.

Ontario Northland Transportation Commission operates a railroad and related services in the northern regions of the Province. Of the Province's total advance, \$30,207,935 is non-interest bearing. The Province provided subsidies of \$10,260,634 in calendar 1977 (1976 \$6,057,987). After subsidies, the Commission recorded a net income of \$2,608,433 in Calendar 1977 (1976 \$2,207,662).

The Ontario Junior Farmer Establishment Loan Corporation was incorporated in 1952 for the purpose of making loans to assist young qualified farmers in the establishment, development and operation of their farms. This program was discontinued in February 1969. The rate of interest on advances by the Province was set by the Province's long-term borrowing cost. The Province is paying for the cost of administration and providing subsidies through legislative appropriations to cover annual operating deficits. The subsidies were \$1,150,000 for 1978 (1977 \$1,100,000).

The Ontario Municipal Improvement Corporation, incorporated in 1950, has as its object the purchase from municipalities in Ontario of debentures issued by them for municipal works and undertakings.

The Liquor Control Board of Ontario was established to sell and control the sale of liquor in the Province of Ontario.

Urban Transportation Development Corporation Ltd. was incorporated under the laws of Canada on October 10, 1974. The Corporation is currently involved in developing new light rail transit vehicles and an advanced technology intermediate capacity transit system. In addition, the Corporation offers consulting services to transit operators and municipalities in Canada and abroad. The Province is the sole shareholder at the present time and the \$6,000,000 investment is the recorded cost of shares in the Corporation.

SCHEDULES TO STATEMENT OF ASSETS AND LIABILITIES—Continued

The Ontario Transportation Development Corporation is a crown corporation associated with the Urban Transportation Development Corporation Limited. The advance to the corporation, made during 1976-77 was required to guarantee the performance by the Urban Transportation Development Corporation Limited under a joint venture agreement between the Urban Transportation Development Corporation Limited and Hawker Siddeley of Canada Limited.

In February 1977 the Province, Urban Transportation Development Corporation (UTDC) and The Ontario Transportation Development Corporation (OTDC) entered into a debenture financing agreement for the development of an intermediate capacity transit system whereby the Province would flow funds through OTDC to UTDC. Funds were provided in the Ministry of Transportation and Communications 1977-78 Estimates of Expenditure for loans to OTDC in support of the project. Later in the fiscal year negotiations to revise the funding of the project were commenced and subsequent to March 31, 1978 culminated in a new agreement that the project would be financed in its entirety on a fee for service basis between MTC and UTDC. Accordingly, the \$23,505,041 advanced to OTDC during 1977-78 has been recorded in the accounts of MTC as an expenditure on services. The financial statements of UTDC and OTDC as at December 31, 1977, are included in Volume 2 of the Public Accounts and reflect the debenture financing agreement which was in effect at that time.

The Crop Insurance Commission of Ontario was established in 1966 to administer plans of crop insurance and related activities in Ontario and generally to administer the Crop Insurance Act (Ontario). Advances at March 31, 1978 are substantially in support of the accumulated deficit of \$13,970,783 in the Reserve for Payment of Indemnities. The loss recorded by the Commission in fiscal 1978 was \$10,006,228 (1977 \$1,354,159).

The North Pickering Development Corporation was established in 1975 to prepare and promote the optimum economic, social, environmental, agricultural and physical conditions of the North Pickering Planning Area.

The objective of the Algonquin Forestry Authority is to harvest Crown timber and to carry out such forestry and land management programs that are of general advantage to Ontario. The advances to the Authority are for working capital purposes. In addition, an operating subsidy of \$30,000 was made in 1978 (1977 \$610,000).

The Ministry of the Environment lets extensive contracts for the building of water and sewage systems to serve municipalities. These investments are being recovered over the life of agreements with the municipalities. Certain of the agreements provide for the accumulation of the principal portion of annual amortization payments in a sinking fund. The accumulated balance in such funds (included in deposit, trust and reserve accounts) was \$41,236,615 at March 31, 1978 (1977 \$37,677,839). Other agreements are for projects which are subject to service rate billings. The amount received from service rate billings in 1978 was \$47,704,424 (1977 \$34,013,860) of which \$8,258,952 (1977 \$6,544,541) was applied to reduce the investment account.

The Ontario Housing Action Program provides loans for regional and municipal public works to accelerate the supply of housing.

The Tile Drainage Act authorizes the Treasurer of Ontario to purchase, acquire and hold debentures issued by municipalities for construction of drainage works. These debentures are payable within ten years of the issue of the debentures.

The amount owing from sundry municipalities under The Municipal Works Assistance Act is the balance of loans made to municipalities for certain municipal projects. The loans are secured by debentures and are repayable over a twenty or thirty year period ending in 1998.

The objective of the Federal-Provincial Winter Capital Projects Fund was to stimulate growth in employment, particularly during the winters of 1974-75 and 1975-76.

The objective of the Federal-Provincial employment loans program was to stimulate growth in employment particularly during winter, by adding to or accelerating capital works projects.

The objective of the Federal-Provincial special development loans program was to stimulate capital spending and related employment especially in municipalities where unemployment was high.

The amount owing by The Municipality of Metropolitan Toronto is the balance outstanding on debentures issued for subway purposes. Annual payments on principal are required over the period ending in 1995.

The objective of The Shoreline Property Assistance Act is to provide assistance for the rehabilitation and protection of property on or adjacent to shorelines.

The amount owing by the Township of Elliot Lake is the balance outstanding on debentures issued for stabilization of municipal taxes and other municipal purposes. These debentures are repayable over a period of years with final maturity in 1984.

The Town of Kapuskasing debentures held by the Province of Ontario are repayable over a period of years with final maturity in 1994.

Special assistance was provided in 1974-75 to the Townships of Collingwood and Amabel to relieve an otherwise undue tax burden.

The debentures of The Moosonee Development Area Board and the Improvement District of Manitowadge were issued for various municipal projects and services.

The amount owing by the City of Windsor relates to the Sandwich, Windsor and Amherstburg Railway Company and the Township of Sandwich East.

The loans to public hospitals are for capital construction. During the 1978 fiscal year, the Province made grants of \$17,869,679 (1977 \$16,241,859) to assist public hospitals in meeting principal and interest payments.

The investment under The Sault Ste. Marie Bridge Act consists of bonds of the International Bridge Authority of Michigan and shares of the St. Mary's River Bridge Company.

The International Bridge Authority of Michigan bonds, with a par value of \$7,850,000 U.S., were acquired in 1960 at a cost of \$7,615,072. These bonds, due September 1, 2000, bear interest at the rate of 6% per annum but under the terms of the agreement interest is payable at maturity or only as funds are available from operations. The accumulated balance of interest remaining unpaid at March 31, 1978 was \$4,978,265.

SCHEDULES TO STATEMENT OF ASSETS AND LIABILITIES—Continued

The investment in the St. Mary's River Bridge Company is the cost of 137 shares purchased by the Province.

Municipal and school tax credit assistance loans represent reimbursements to municipalities for credits and refunds allowed in accordance with the provisions of The Municipal and School Tax Credit Assistance Act.

The Co-operative Loans Act authorizes the Lieutenant Governor in Council to make loans to any co-operative association to enable it to carry out its objects. The loans are secured by a first mortgage on the real property of the co-operative association and are repayable over a period of twenty years.

Tile Drainage loans are made directly to individuals in territories without municipal organization as authorized by The Tile Drainage Act and are secured by liens on the properties.

The balance under Provincial Student-Aid loans is the total of the principal owing on loans as at March 31, 1978. Loans to students under this program were discontinued in December 1964.

The balance owing by conservation authorities is the recoverable portion of grants made for land acquisition and construction of dams and reservoirs. During the year no loans were made and repayments of \$69,550 were received.

Under the Venture Capital Project, interest-free loans are provided to students to operate small businesses for their own undertaking in the summer months.

The investment in the Sandwich, Windsor and Amherstburg Railway Company consisted of 2% bonds in the amount of \$50,000 which were due June 30, 1977.

INACTIVE ASSETS

The Province of Ontario has fully reserved inactive assets in the amount of \$4,350,546.

The Government of Canada Debt Account at \$2,848,290 is an amount on which the Government of Canada pays interest at 5% to compensate the Province of Ontario for monies withheld from the Province in the period July 1, 1867 to January 1, 1873.

The Common School Fund at \$1,502,256 represents Ontario's share in a permanent fund of \$2,677,771 held in trust by the Government of Canada for the Provinces of Ontario and Quebec. The fund is derived from the sale of Crown lands set aside for the benefit of common schools by statutes enacted before Confederation. The Government of Canada pays interest to the Provinces on the principal sum at the rate of 5% per annum, payable semi-annually, in proportion to their respective populations as determined by the most recent decennial census. The present allocation is based on the census of 1971.

NET DEBT

	1978	1977
	\$	\$
Net debt	7,977,975,167	6,156,761,970

The net debt of the Province is the excess of liabilities over recorded assets. It is also the accumulation of all budgetary deficits and surpluses since Confederation. The year-to-year change in net debt is the amount by which revenues exceed or are less than budgetary expenditures.

The Superannuation Adjustment Fund was established by The Superannuation Adjustment Benefits Act (July 18, 1975) with the purpose of providing supplementary benefits to persons in receipt of pensions payable out of Pension Funds to which contributions are paid directly or indirectly out of the Consolidated Revenue Fund. Under the terms of the Act, the employer and the employee make equal contributions to the Superannuation Adjustment Fund. Pensioners who have contributed to the Fund are eligible for benefits calculated with reference to the annual increase in the Consumer Price Index for Canada to a maximum of 8% in any one year. A statement of the Fund is presented on pages 69 to 72.

The Ministry of the Environment under agreements with certain municipalities operates sinking funds for the accumulation of contributions by municipalities to recover the cost of capital assets. Under these same agreements, municipalities make contributions to a reserve fund for renewal or replacement of capital assets or for other contingencies.

The Motor Vehicle Accident Claims Fund was established to protect the innocent parties in motor vehicle accidents from financial loss where an uninsured driver is at fault. A statement of the Fund is presented on page 73.

The Provincial Lottery Trust Fund receives the net proceeds of the Provincial lottery operated on behalf of the Province of Ontario by the Ontario Lottery Corporation. The first \$25 million has been dedicated to health research and health related environmental projects.

The Ontario Mortgage Corporation and the Ontario Housing Corporation have placed on deposit with the Treasurer of Ontario working capital which is surplus to their immediate needs.

The remaining deposit, trust and reserve accounts represent funds deposited with the Treasurer of Ontario or held in trust for various purposes and special accounts which are available for expenditure in periods subsequent to the current fiscal year.

MISCELLANEOUS STATEMENTS

PUBLIC SERVICE SUPERANNUATION FUND—Concluded
(Established under The Public Service Superannuation Act)Notes to Financial Statement
March 31, 1978

1. Unfunded Liability

The most recent actuarial review of the Public Service Superannuation Fund was made as at December 31, 1976. As at that date this review disclosed an unfunded liability of \$505,355,000. Of this amount \$82,616,000 represents the initial unfunded liability as at January 1, 1965. The balance of \$422,739,000 consists of \$139,136,000 which represents the additional unfunded liability to December 31, 1973 and \$283,603,000 which represents the balance of the deficiency revealed at December 31, 1976.

The Province of Ontario has been making annual payments of interest and principal into the Fund in accordance with the Regulations under The Pensions Benefit Act. These payments are designed to:

- Prevent an increase in the initial unfunded liability.
- Liquidate the additional unfunded liability over a period ending January 1, 1992.

These special payments will be made as follows:

January 1, 1978	\$31,336,000
January 1, 1979 to 1990 inclusive	\$54,506,000
January 1, 1991 and 1992	\$37,622,000
Annually on January 1 after 1992	\$ 5,990,000

2. Interest Earned

Interest is credited to the Fund out of the Consolidated Revenue Fund on the following basis:

- (i) on the balance at the credit of the Fund on March 31, 1977 at a rate of 7.94388 per cent per annum;
- (ii) on the net amount deemed to have entered the Fund each month throughout fiscal year 1977-78 at a rate of 9.508 per cent per annum and credited from the date such increases are deemed to have entered the Fund to the end of fiscal year 1977-78; and
- (iii) on the unfunded liability payment of \$31,336,000 for a period of three months at a rate of 9.508 per cent per annum.

3. Comparative Figures

Comparative figures have been reclassified where necessary to conform to 1978 presentation.

Notes to Financial Statements
March 31, 1978

1. Legislation

The Superannuation Adjustment Benefits Act, 1975 came into force on July 18, 1975, to provide superannuation adjustment benefits to persons in receipt of pensions payable out of pension funds to which contributions are paid directly or indirectly out of the Consolidated Revenue Fund. This Act applies only to pension plans designated by the regulations. The Teachers' Superannuation Fund was so designated on August 30, 1975. Certain groups of contributors to the Public Service Superannuation Fund were so designated on December 15, 1975, effective January 1, 1976. Pursuant to regulatory amendments made during the year ended March 31, 1977, all contributors to the Public Service Superannuation Fund are now so designated. The Retirement Pension Plan of Ryerson Polytechnical Institute was so designated on July 27, 1977 and the Caucus Employees Retirement Plan was so designated on December 29, 1977. Contributions to the Caucus Employees Retirement Plan commenced in April, 1978.

2. Interest Earnings

The fiscal year net increase in each fund account is established as the amount to receive an annual interest credit from the Treasurer of Ontario at a rate and for a period established by order-in council. For fiscal 1977-78, the rate for the Public Service Superannuation Plan and the Teachers' Superannuation Plan is 9.23% per annum, provided that the net amounts remain on deposit with the Consolidated Revenue Fund for not less than 15 years; the rate for the Retirement Pension Plan of Ryerson Polytechnical Institute is 9.51% per annum, provided that the net amounts remain on deposit with the Consolidated Revenue Fund for not less than 20 years.

3. Comparative Figures

Comparative figures have been reclassified where necessary to conform with 1978 presentation.

Program description:

Provides the Management Board Secretariat and the staff of the Civil Service Commission with the overall direction required to ensure that the means for it to meet its objectives in a co-ordinated fashion are available. Provides for estimated cost of anticipated salary and employee benefits revisions for government employees, supplementary summer student employment and estimated costs related to proposed Federal-Provincial agreement on reciprocal taxation.

*In the Annual Budget and Expenditure Estimates a provision was made for the cost of salary and employee benefits revisions which were likely to be approved in the 1977-78 fiscal year. It was not practicable, however, to distribute this estimate among the programs and activities of each ministry. Accordingly the gross projected salary and benefits costs appeared in the "Contingencies" provision.

As revisions were approved and the actual costs were incurred they were not charged against the "Contingencies" activity but rather against the various votes and items to which they pertained. To the extent that these expenditures exceeded printed Estimates appropriations, Management Board Orders were approved. The "Contingencies" activity therefore shows no spending against the appropriation.

As a result of organizational changes relating to Children's Services, the 1976-77 actual figures for the Courts Administration Program have been restated and the full fiscal year's expenditures for the Children's Services functions were transferred to the Ministry of Community and Social Services. The 1977-78 actual figures include three months expenditures for Children's Services and are therefore not fully comparable to the fiscal 1976-77 amounts.

Program description:

This program consists of seven activities that provide for the regulation of financial and commercial affairs in order to maintain and strengthen a sound financial and commercial environment in designated areas for equitable exchanges of property and services. This is achieved through disclosure to the public of the essential elements of business transactions including the issuing of securities, registration and licensing of persons dealing with the public to assure a high degree of competence and honesty in their dealings, and examination and surveillance of the financial standing and practices of firms. In addition this program provides services for incorporation of companies, administration of The Motor Vehicle Accident Claims Act in respect of the adjustment of claims and payment of damages occasioned by the operation of stolen, unidentified or uninsured motor vehicles, and provision for appeal hearings with respect to matters of licensing under various acts administered by the Ministry.

Program description:

This program consists of six operating activities, co-ordinated by the office of the Executive Director, which are responsible for minimizing risk inherent in designated environmental, technical and operational situations. This goal is accomplished through the inspection of elevators, pressure vessels, upholstered and stuffed articles, the transmission, transportation, distribution and utilization of natural gas, propane and fuel oil and the issuance of licences for the operation of elevators and pressure vessels. The Uniform Building Standards activity is seeking to establish, through several advisory committees, a system of uniform building and fire safety standards for the Province.

As a result of organizational changes relating to Children's Services, the 1976-77 actual figures for the Rehabilitation of Juveniles Program have been restated and the full fiscal year's expenditures for the Children's Services functions were transferred to the Ministry of Community and Social Services. The 1977-78 actual figures are for a three month period and are therefore not comparable to fiscal 1976-77.

Program description:

This program ensures that all contaminants emitted into the environment are within Ministry standards by on-site surveillance and inspection, the implementation of new abatement programs, the issuing of control orders and the investigation of public complaints.

Subsidies to Provincial health units are provided under Part VII of The Environmental Protection Act, and grants are made under The Pollution Abatement Incentive Act to encourage the installation of pollution abatement equipment.

This program also provides for the development and management of sewage and water treatment plants, as well as the development of analytical methods for measuring existing and newly emerging pollutants.

Program description:

This program includes the technical and operational resources to develop and market lands held by the Province, or jointly with the Federal Government, and to assist municipalities in their land acquisition and development activities. This program also assists municipalities in meeting rental accommodation requirements for senior citizens and for low to moderate income families, based on established needs and demands. Financial support for this program is provided chiefly through the estimates of the Ontario Housing Corporation and to a minor extent, through those of Ontario Land Corporation.

Program description:

The Industrial Incentives and Development Program provides technical, business and financial services and loans or the guarantee of loans to encourage and assist in the development and diversification of industry in Ontario. Term loans are made to secondary manufacturing operations, service industries in support of manufacturing, the tourist industry, for anti-pollution and abatement equipment, and for the encouragement of new exports. To provide incentive, in certain circumstances term loans are made under the Ontario Business Incentive Program and may allow for deferral of principal repayments, interest-free or low interest terms. The latter program replaces the Performance Loans previously available for the equalization of industrial opportunity in slow growth areas of the Province. Included in the Ontario Development Corporation are funds for the support services provided to the Northern Ontario Development Corporation and the Eastern Ontario Development Corporation.

*In February 1977 the Province, Urban Transportation Development Corporation (UTDC) and The Ontario Transportation Development Corporation (OTDC) entered into a debenture financing agreement for the development of an intermediate capacity transit system whereby the Province would flow funds through OTDC to UTDC. Funds were provided in the Ministry of Transportation and Communication 1977-78 Estimates of Expenditure for loans to OTDC in support of the project. Later in the fiscal year negotiations to revise the funding of the project were commenced and subsequent to March 31, 1978 culminated in a new agreement that the project would be financed in its entirety on a fee for service basis between MTC and UTDC. Accordingly the \$23,505,041 advanced to OTDC during 1977-78 has been recorded in the accounts of MTC as an expenditure on services. The financial statements of UTDC and OTDC as at December 31, 1977, are included in Volume 2 of the Public Accounts and reflect the debenture financing agreement which was in effect at that time.

The Management Board of Cabinet approved a transfer of certain sums to the Ministry of Community and Social Services from other ministries under the authority of the Supply Act, 1977. This transfer was made to provide funds for the Children's Services Program and related support services of the Ministry of Community and Social Services from July 1, 1977 to March 31, 1978. On July 1, 1977 the Children's Services Program became responsible for a number of activities relating to children which had been provided for in the Estimates of other ministries. The transfers were as follows:

MINISTRY OF COMMUNITY AND SOCIAL SERVICES

Ministry Administration Program 2801	978,300
Children's Services Program 2804	78,476,200

79,454,500

As a result of the above organizational changes relating to the Children's Services Program, the 1976-77 actual figures have been restated and include a full fiscal year's expenditures for the functions which were transferred from the Ministries of Health, Correctional Services and the Attorney General. The 1977-78 actual figures are for a nine month period and are therefore not fully comparable to the fiscal 1976-77 amounts.

As a result of organizational changes relating to Children's Services, the 1976-77 actual figures for the Community Health Services Program have been restated and the full fiscal year's expenditures for the Children's Services functions were transferred to the Ministry of Community and Social Services. The 1977-78 actual figures include three months expenditures for Children's Services and are therefore not fully comparable to the fiscal 1976-77 amounts.

A GUIDE TO PUBLIC ACCOUNTS

1. SCOPE OF THE PUBLIC ACCOUNTS

The 1977-78 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province and schedules of supporting information.

Volume 2 contains the financial statements of those provincial crown corporations, agencies, boards and commissions in which the Province has an investment or which have borrowed from the Province or from others with a guarantee by the Province. Also included are certain operational agencies which are funded substantially or entirely by revenues generated from their operations.

Volume 3 contains the details of expenditure required by the Standing Public Accounts Committee.

2. A GUIDE TO VOLUME 2 OF PUBLIC ACCOUNTS

The Financial statements of the selected crown corporations, boards and commissions are for fiscal periods ending within the Province's own fiscal period April 1, 1977 to March 31, 1978. They are presented in the same detail as the approved, audited financial statements and as nearly as possible in the same form. The statements have been grouped by ministerial responsibility.

To the Ontario Food Terminal Board,
to the Minister of Agriculture and Food, and
to the Treasurer of Ontario.

I have examined the balance sheet of the Ontario Food Terminal Board as at March 31, 1978 and the statements of earnings and retained earnings and changes in financial position for the year ended on that date. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1978 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied, after giving retroactive effect to the changes referred to in note 1 to the financial statements, on a basis consistent with that of the preceding year.

A report on the audit has been made to the Ontario Food Terminal Board, to the Minister of Agriculture and Food and, in accordance with section 10 of The Ontario Food Terminal Act, to the Treasurer of Ontario.

Toronto, Ontario,
June 21, 1978.

F. N. SCOTT, C.A.,
Provincial Auditor.

Notes to Financial Statements
March 31, 1978

1. ACCOUNTING POLICIES

(a) Sinking fund for the retirement of debentures.

Payments made by the Board into this fund, together with the interest earnings generated by the fund, are designed to accumulate to an amount sufficient to retire the debentures on their maturity date.

Payments made into the fund are charged to operations as part of amortization expense. For the year ended March 31, 1978 such payments amounted to \$60,000 (March 31, 1977 \$60,000).

Prior to the year ended March 31, 1978, the annual interest earned by the sinking fund was credited to accumulated amortization. Effective with the year ended March 31, 1978, such annual interest is also being charged to operations as part of amortization expense and is being credited to operations as interest income.

The 1977 comparative figures have been restated to reflect this change in accounting, which has no effect on the Board's net earnings.

ONTARIO FOOD TERMINAL BOARD

(b) Fixed assets, depreciation and amortization.

Details of fixed assets at March 31 are as follows:

	1978		1977	
	Cost	Accumulated Depreciation & Amortization	Cost	Accumulated Depreciation & Amortization
	\$	\$	\$	\$
Land	129,855	—	129,855	—
Land improvements	972,758	304,220	971,312	279,973
Buildings	3,602,700	2,485,952	3,601,277	2,287,938
Equipment	561,097	404,658	552,834	353,788
	5,266,410	3,194,830	5,255,278	2,921,699
	(3,194,830)	=====	(2,921,699)	=====
	2,071,580		2,333,579	
	=====		=====	

The equipment asset as at March 31, 1978 consisted of long-life equipment in the amount of \$367,459 and short-life equipment in the amount of \$193,638. Short-life equipment is depreciated on a straight-line basis, generally using rates of 20 per cent per annum. Depreciation thereon in the amount of \$30,663 was charged to operations during the year ended March 31, 1978.

The proceeds from the sale of the \$5,000,000 debenture issue were invested in the purchase of property and the construction and equipment of a food terminal. It is the Board's objective to fully amortize relevant amortizable long-life asset costs by June 1, 1985, the maturity date of the debentures payable.

In keeping with this objective, an amount equal to the annual increments to the sinking fund (representing payments thereto by the Board and interest earned by the fund) is credited to accumulated amortization.

Prior to the year ended March 31, 1978, the allocation of such annual amortization against each long-life asset was computed on a pro rata basis to the total long-life asset costs at the end of each year. Effective with the year ended March 31, 1978, 10 per cent of the annual amortization is allocated to Land improvements, and the remaining 90 per cent is allocated to Buildings and Equipment. Following this, the amortization is then distributed among the various long-life assets contained in these categories on a pro rata basis to the total long-life fixed asset costs of these categories at the end of each year.

The March 31, 1977 comparative figures for accumulated depreciation and amortization have been restated to reflect this change in accounting, which has no effect on the Board's net earnings.

2. ADJUSTMENT OF PRIOR YEAR'S INCOME

It was determined during the year that April 1977 rental income, amounting to \$17,575, was originally reported as income for the year ended March 31, 1977. Accordingly, this amount has now been included in income for the current year, and the 1976-77 comparative figures have been restated as a result. The opening retained earnings figure, previously reported as \$690,784, has been restated.

3. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Board is subject to controls on prices, profits and compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

4. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to 1978 presentation.

5. BANK ADVANCES

Bank advances of \$56,800 are secured by a pledge of guaranteed trust certificates and certain other securities. The remaining bank advances of \$94,874 are unsecured.

To the Ontario Stock Yards Board,
to the Minister of Agriculture and Food, and
to the Treasurer of Ontario.

I have examined the balance sheet of Ontario Stock Yards Board as at June 30, 1977 and the statements of earnings and retained earnings and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at June 30, 1977 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Ontario Stock Yards Board, to the Minister of Agriculture and Food and, in accordance with section 9 of The Stock Yards Act, to the Treasurer of Ontario.

Notes to Financial Statements
June 30, 1977

1. ACCOUNTING POLICIES

(a) Inventories

Inventories are valued at cost, with cost being determined substantially on a first-in, first-out or average basis.

(b) Fixed assets and depreciation

Fixed assets are stated at acquisition cost. Depreciation is provided on a straight line basis generally using rates of 3 per cent to 10 per cent per annum for buildings and yard improvements, and 10 per cent to 20 per cent per annum for equipment.

2. COMPARATIVE FIGURES

Comparative figures reported for 1976 have been reclassified where necessary to conform with 1977 presentation.

3. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Board is subject to controls on prices, profits and compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

1. ACCOUNTING POLICIES

(a) Sales of property

The provisions of the Corporation's mortgage indentures allow the Corporation, without taking title through foreclosure, to sell a farm property in certain circumstances for cash or credit. In cases where a mortgage forms part of the sales consideration, the excess of the amount of any such sale over the amount of the original mortgage outstanding at the time of sale is accounted for as an unrealized gain. The gain remains unrealized until such time as the amount of the original mortgage debt is retired. Mortgage principal payments received after the amount of the original mortgage has been retired constitute a realization of the gain, and are held in trust for the original owner or other claimant by the Corporation. Mortgage interest payments received after the amount of the original mortgage debt has been retired are similarly held in trust.

(b) Administration expenses

Salaries of the Corporation's staff and sundry administrative costs have been absorbed by the Ministry of Agriculture and Food and are not included in the statement of revenue and expenditure.

On behalf of the Board:

Director

Director

To the Board of Directors of the Ontario Lottery Corporation and
to the Minister of Culture and Recreation.

I have examined the balance sheet of the Ontario Lottery Corporation as at March 31, 1978, the statement of operations and net profit due to the Treasurer of Ontario—Wintario, and the statement of operations and net proceeds due to the Treasurer of Ontario—The Provincial for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1978 and the results of its operations for the year then ended in accordance with generally accepted accounting principles which, except for the change in accounting for the Provincial draw as referred to in note 2(d) to the financial statements, have been applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Corporation and to the Minister.

F. N. SCOTT, C.A.,
Provincial Auditor.

ONTARIO LOTTERY CORPORATION

Notes to Financial Statements

March 31, 1978

1. THE PROVINCIAL

Pursuant to section 7(b) of The Ontario Lottery Corporation Act, 1974, the Corporation was authorized by the Lieutenant Governor in Council to enter into agreements with other provinces regarding an inter-provincial lottery scheme. The Provincial lottery is a joint undertaking by Ontario and the four western provinces acting through the Interprovincial Lottery Corporation, a company incorporated under the Canada Business Corporations Act, the shares of which are held by Her Majesty the Queen in right of the respective provinces.

The Ontario Lottery Corporation is the Regional Marketing Organization for The Provincial in Ontario, and the Western Canada Lottery Foundation is the Regional Marketing Organization for The Provincial in the four western provinces.

Each of the above two Regional Marketing Organizations purchases tickets for The Provincial from the Interprovincial Lottery Corporation. The cost of tickets is essentially composed of the related cost of prizes and ticket printing less relevant interest earnings of the Interprovincial Lottery Corporation.

2. ACCOUNTING POLICIES

(a) Wintario operations

All income and expenses related to the 26 biweekly Wintario lotteries (1977-26) held from April 14, 1977 to March 30, 1978 inclusive are included in the statement of operations and net profit due to the Treasurer of Ontario. Net receipts from the sale of tickets for the lottery held on April 13, 1978 have been treated as deferred income.

(b) The Provincial operations

All income and expenses related to the sales of The Provincial in Ontario from April 1, 1977 to the draw held on March 27, 1978 are included in the statement of operations and net proceeds due to the Treasurer of Ontario—The Provincial.

(c) Fixed assets

Fixed asset purchases are written off to operations at the time of acquisition.

(d) Change of policy

The prior year's statement of operations included receipts collected up to March 31, 1977 for the April 30, 1977 bimonthly Provincial draw amounting to \$6,548,185 and the related costs of \$3,452,024. For the current year similar receipts and costs for the monthly April 30, 1978 draw, amounting to \$2,203,400 and an estimated \$1,361,500 respectively, have been excluded from the statement of operations. The receipts of \$2,203,400 and expenses of \$1,361,500 are included as deferred income and prepaid expenses respectively on the balance sheet.

3. NET PROFITS—WINTARIO

Pursuant to section 9 of The Ontario Lottery Corporation Act, 1974, the net profits of the Corporation, after provision for prizes and the payment of expenses of operations, are paid into the Consolidated Revenue Fund of the Province of Ontario.

4. NET PROCEEDS—THE PROVINCIAL

Pursuant to Order in Council 3034/76, all moneys attributed to or accruing to Ontario from The Provincial, after providing for prizes and the payment of operating expenses, are paid into the Consolidated Revenue Fund of the Province of Ontario, to be held in trust.

5. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

**Notes to the Financial Statements
December 31, 1977**

1. SIGNIFICANT ACCOUNTING POLICIES AND RELATED MATTERS:

Participation in energy projects:

All costs incurred by the corporation, less any sundry revenues, are included as the cost of participation in energy projects. The accumulations of such costs as reflected on the balance sheet do not purport to represent the present or future value of the corporation's participation in the projects.

The participation in the Syncrude Project will be amortized using the unit-of-production or equivalent method starting in the year in which the Project commences production. The way in which the participation in the Polar Gas Project will be treated will be determined once a decision is reached as to the basis on which the project will proceed.

Syncrude Project:

The corporation is a 5% participant in the Syncrude Project, a joint venture for the extraction and processing into synthetic crude oil of bituminous oil sands near Fort McMurray, Alberta. The corporation is committed to contribute its share of the costs of the Project and is entitled to its share of the production from the Project. Also, as a participant, the corporation is a party to commitments which the Project has undertaken and may undertake in the future.

The total cost of the Project to start-up date is expected to approximate \$2,150,000,000. The shareholder has agreed to provide the funds necessary to meet future obligations.

Through options held by the Alberta Energy Company, the corporation's interest in the project could be reduced to 4% with a corresponding reduction in its investment.

Polar Gas Project:

The corporation is one of six continuing participants, five of whom are presently providing funds, in the Polar Gas Project. The purpose of the project is to determine the feasibility of constructing and operating facilities for the transmission of natural gas from the Arctic Islands to southern markets. Applications and certain supporting documentation relative to the construction and operation of transmission facilities were filed on December 21, 1977.

Cash is advanced for research costs as required. Total Project research costs to December 31, 1977 aggregated \$58,564,097.

In the event a company is formed to build and operate transmission facilities, each participant's interest is convertible into equity or debt of such company. Alternatively, under certain circumstances each participant's interest may be repaid.

2. GENERAL AND ADMINISTRATIVE EXPENSES:

The general administrative expenses of the Corporation have been paid by the Province of Ontario, the Corporation's shareholder.

ONTARIO ENERGY CORPORATION

3. INCOME TAXES

The Corporation is not subject to income taxes so long as not less than 90% of its outstanding shares are held directly or indirectly by the Province of Ontario. All of the Corporation's outstanding shares are presently held by the Province of Ontario.

AUDITORS' REPORT

To the Shareholder of
Ontario Energy Corporation:

We have examined the balance sheet of Ontario Energy Corporation as at December 31, 1977 and the statement of changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the corporation as at December 31, 1977 and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Summary of Significant Accounting Policies

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in Canada. The significant accounting policies are described below.

Fixed assets

Fixed assets include power supply facilities (generation, transformation, transmission and distribution); administration and service facilities (land, buildings, office and service equipment); and heavy water production facilities.

The cost of additions and replacement of component units is capitalized. This cost includes direct material and labour, and overhead costs such as engineering, administration and procurement that are considered applicable to the capital construction program. The cost of commissioning generating units, less the value attributed to energy produced during the commissioning period, is capitalized. Interest is capitalized on construction costs at effective annual rates of 9.4% in 1977 and 9.2% in 1976. These rates approximate the average cost of long-term funds borrowed in the years in which the expenditures have been made for fixed assets under construction.

In the case of nuclear generation facilities, cost includes the cost of heavy water purchased and produced. The cost of producing heavy water includes the direct costs of production, applicable overheads, interest, and depreciation of the heavy water production facilities.

For normal retirements, the cost of assets retired less salvage proceeds is charged to accumulated depreciation with no gain or loss being reflected in operations. For unusual or premature retirements, the gains or losses on assets retired are reflected in operations.

Depreciation

Since January 1, 1971, all additions to fixed assets and the net book value of thermal-electric generating stations in service at the end of 1970 have been depreciated using the straight-line method. All other assets in service at the end of 1970 continue to be depreciated on the sinking fund method. Depreciation rates for the various classes of assets are based on the estimated service lives, which are subject to periodic review. The service lives of major asset classes are:

Generation—Hydro-electric	50 to 100 years
Generation—Thermal-electric	30 years
Transmission and distribution	25 to 50 years
Heavy water production facilities	20 years

Nuclear agreement—Pickering units 1 and 2

Ontario Hydro, Atomic Energy of Canada Limited and the Province of Ontario are parties to a joint undertaking for the construction and operation of units 1 and 2 of Pickering Nuclear Generating Station, with ownership of these units being vested

in Ontario Hydro. Contributions to the capital cost by Atomic Energy of Canada Limited and the Province of Ontario amounted to \$258 million and these have been deducted in arriving at the value of fixed assets in service in respect of Pickering units 1 and 2. Ontario Hydro is required to make monthly payments until the year 2001 to each of the parties in proportion to their capital contributions. These payments, termed "payback", represent in a broad sense the net operational advantage of having the power generated by Pickering units 1 and 2 as compared with coal-fired units similar to Lambton units 1 and 2.

Commissioning energy

Revenues from the sale of power and energy include revenues from energy produced by generating units during the commissioning period. A charge is included in the cost of operations for the value attributed to the energy produced during the commissioning period. This charge is equivalent to the operating and fuel costs of producing the same quantity of energy at generating units displaced because of the commissioning activity. As explained under Fixed Assets, the cost of commissioning generating units, less the value attributed to the energy produced during the commissioning period, is capitalized.

Appropriations from net income

Under the provisions of The Power Corporation Act, the price payable by customers for power is the cost of supplying the power. Such cost is defined in the Act to include the cost of operating and maintaining the system, depreciation, interest, and the amounts appropriated for debt retirement and stabilization of rates and contingencies.

The debt retirement appropriation is the amount required under the Act to accumulate in 40 years a sum equal to the debt incurred for the cost of the fixed assets in service. The appropriation for or withdrawal from the stabilization of rates and contingencies reserve is an amount established to maintain a sound financial position or to stabilize the effect of abnormal cost fluctuations.

Foreign currency translation

Long-term debt payable in foreign currencies is translated to Canadian currency at rates of exchange at the time of issue. Current monetary assets and liabilities, including long-term debt payable within one year, are adjusted to Canadian currency at year-end rates of exchange. The resulting translation gains or losses, together with realized exchange gains or losses, are credited or charged to interest expense in the statement of operations.

Advance payments for fuel supplies

As part of its program to ensure the adequate supply of fuels for its generating stations, Ontario Hydro has entered into long-term contracts for the supply

ONTARIO HYDRO

of coal, oil and uranium. Where these contracts require Ontario Hydro to make payments in advance of product delivery, the prepayments and associated costs such as interest are carried in the accounts as advance payments for fuel supplies. These advance payments are to be amortized as part of the cost of the fuels delivered under the contracts or are to be recovered over periods which do not exceed the life of the contracts.

Pension and Insurance Plan

The Pension and Insurance Plan is a contributory, defined benefit plan covering all regular employees

of Ontario Hydro. The pension costs for each period include current service costs and amounts required to amortize any unfunded obligation. The most recent actuarial valuation of the plan, at December 31, 1976, reported an unfunded obligation of Ontario Hydro of approximately \$143 million. Of this amount, \$105 million, representing an experience deficiency and deficits resulting from changes in actuarial assumptions, is being amortized over the years 1977 through 1981. The balance of \$38 million, representing an unfunded liability with respect to improved benefits, is being amortized over the years 1977 through 1991.

Auditors' Report

We have examined the statement of financial position of Ontario Hydro as at December 31, 1977 and the statements of operations, reserve for stabilization of rates and contingencies, equities accumulated through debt retirement appropriations and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of Ontario Hydro as at December 31, 1977 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

ONTARIO HYDRO

Notes to financial statements

1. Anti-Inflation program

Effective October 14, 1975 the Government of Canada passed the Anti-Inflation Act (Canada). Subsequently, the Province of Ontario entered into an agreement with the Federal Government whereby Ontario Hydro is subject to the guidelines under this Act only in the matter of employee compensation. Management is of the opinion that Ontario Hydro is in compliance with the requirements of the anti-inflation legislation insofar as employee compensation is concerned.

Ontario Hydro is also required by the Province of Ontario to conform with the spirit and intent of the Federal Anti-Inflation program as it applies to net income. As a result of higher than anticipated secondary revenues and lower than anticipated costs in 1977, the Corporation had excess revenues of \$122 million. These excess revenues, together with interest, will be applied to reduce customers' bills over the 12 months of 1978.

2. Interest

	1977	1976
Interest costs consisted of:	\$'000	\$'000
Interest on bonds, notes and other debt.....	753,251	612,735
Less:		
Interest capitalized on fixed assets under construction.....	279,492	244,223
Interest charged to advance payments for fuel supplies.....	4,132	2,708
Interest earned on short-term and long-term investments.....	56,874	51,836
Net gain on redemption of bonds and sale of investments.....	5,201	1,187
Net exchange gain (loss) on redemption and translation of foreign assets and liabilities.....	3,724	(5,340)
	349,423	294,614
	403,828	318,121

3. Extraordinary item

During 1975, in response to the Ontario Government's concern about capital availability, Ontario Hydro reviewed and made revisions to its capital construction program. As a result, Bruce Heavy Water Plant "C", the cost of which had been estimated to be \$562 million, was cancelled. This cancellation resulted in extraordinary charges against income of \$60 million in 1975 and \$9.4 million in 1976 to write off the cost of preliminary construction and to provide for the costs of cancellation of contracts.

4. Cash and short-term investments

	1977	1976
	\$'000	\$'000
Cash and short-term investments, with short-term investments recorded at the lower of cost or market (approximately market value), consisted of:		
Cash (overdraft).....	(10,187)	9,848
Notes of, and interest bearing deposits with, banks and trust companies.....	306,715	216,644
Corporate bonds and notes.....	82,930	96,472
Government and government-guaranteed bonds.....	68,515	52,999
	447,973	375,963

5. Advance payments for fuel supplies

	1977	1976
The advance payments consisted of:	\$'000	\$'000
Coal supply.....	58,589	37,908
Residual fuel oil supply.....	36,488	—
	95,077	37,908

Based on present commitments, additional advance payments for fuel supplies, including uranium supply, will total approximately \$362 million over the next five years (including approximately \$101 million in 1978).

ONTARIO HYDRO

6. Long-term investments

	1977	1976
	\$'000	\$'000
These investments are recorded at amortized cost and consisted of:		
Government and government-guaranteed bonds	68,623	68,672

Market value of these investments at December 31, 1977 was \$58 million.
(1976—\$58 million)

7. Bonds and notes payable

Bonds and notes payable, expressed in Canadian dollars, are summarized by years of maturity and by the currency in which they are payable in the following table:

1977				1976	
Years of maturity	Principal outstanding \$'000		Weighted Average Coupon Rate	Principal outstanding \$'000	Weighted Average Coupon Rate

United States dollars	3,842,686	3,248,187
West German Deutsche marks	127,924	132,484
Swiss francs	114,661	114,661
	8,640,531	7,502,298

Bonds and notes payable in United States dollars include \$2,651 million (1976—\$2,250 million) of Ontario Hydro bonds held by the Province of Ontario and having terms identical with Province of Ontario issues sold in the United States on behalf of Ontario Hydro. Except for these issues, all bonds and notes payable are guaranteed as to principal and interest by the Province of Ontario.

Long-term bonds and notes payable in foreign currencies are translated into Canadian currency at rates of exchange at time of issue. If Ontario Hydro were to translate the face value of its foreign bonds and notes payable at rates of exchange current on December 31, 1977, the total amount of these liabilities would have to be increased by \$440 million.

ONTARIO HYDRO

8. Other long-term debt

	1977	1976
	\$'000	\$'000
Other long-term debt consisted of:		
(a) The balance due to Atomic Energy of Canada Limited for the purchase of Bruce Heavy Water Plant "A". Under the purchase agreement, Ontario Hydro pays equal monthly instalments of blended principal and interest to December 28, 1992, with interest at the rate of 7.795%.....	224,486	232,176
(b) Capitalized lease obligation for the head office building at 700 University Avenue, Toronto. The lease obligation is for the 30-year period ending September 30, 2005, payable in United States dollars at an effective interest rate of 8%.....	43,746	44,224
	<u>268,232</u>	<u>276,400</u>

Payments required on the above debt, exclusive of interest, will total \$51 million over the next five years. The amount payable within one year is \$8.8 million (1976—\$8.1 million).

9. Payment to Ontario Municipal Electric Association

The amount of this payment is equivalent to interest on the balance held for the benefit of Municipalities in the Reserve for Stabilization of Rates and Contingencies.

10. Reclassification of 1976 amounts

(a) In prior years, the value attributed to energy produced during the commissioning period was included in the cost of fuel used for electric generation. To be consistent with the 1977 presentation, 1976 amounts have been reclassified in the Statement of Operations.

(b) Changes have been made in the classification of items in the Statement of Changes in Financial Position. The presentation of the comparative 1976 items has been changed to conform with the 1977 presentation.

11. Subsequent event

In February 1978 the Board of Directors, following receipt of a revised load forecast projecting a substantially lower rate of growth than previously forecast for the period up to 1987, initiated a review of the current construction program. This review will not affect the 1977 financial statements. The financial effects, if any, upon 1978 and subsequent years cannot be determined at this time.

To the Members, Ontario Housing Corporation, and
to the Minister of Housing.

I have examined the balance sheet of Ontario Housing Corporation as at December 31, 1977 and the statements of operations and operating funds due from the Treasurer of Ontario for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1977 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

In accordance with section 12 of The Ontario Housing Corporation Act, a report on the audit has been made to the Corporation and to the Minister of Housing.

ONTARIO HOUSING CORPORATION

Notes to Financial Statements
December 31, 1977

1. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to 1977 presentation.

2. ACCOUNTING POLICIES

(a) Investment in Federal-Provincial Properties

Land and building costs relating to Federal-Provincial partnership properties are amortized over the 50 year term of the corresponding partnership agreements. The balance sheet item represents the Corporation's equity as at the statement date less accumulated amortization. The amortization charges consist of the following:

	1977		1976	
	Province	C.M.H.C. and Municipalities	Province	C.M.H.C. and Municipalities
Principal repayments	\$160,900	\$ 665,484	\$152,223	\$ 565,283
Carrying charges	615,419	2,270,160	624,114	2,300,792
	<u>\$776,319</u>	<u>\$2,935,644</u>	<u>\$776,337</u>	<u>\$2,866,075</u>
Total amortization per Schedule 2	<u>\$3,711,963</u>		<u>\$3,642,412</u>	

(b) Rental Housing Properties

Land and building costs relating to wholly owned provincial projects are amortized over the 50 year term of the corresponding indebtedness. The amortization charges consist of the following:

	1977	1976
Principal repayments	\$ 3,525,240	\$ 3,241,080
Carrying charges	84,879,800	76,482,895
Total amortization	<u>\$88,405,040</u>	<u>\$79,723,975</u>

(c) Deferred Income

Deferred income is made up as follows:

Unrealized gain from sale of real property	\$45,592,923	\$41,860,190
Other	109,768	119,014
	<u>\$45,702,691</u>	<u>\$41,979,204</u>

The unrealized gain from the marketing of real property arises when mortgages receivable form part of the consideration on property sales. The gain portion is the excess of the marketing price over cost and this gain is taken into income as related mortgage principal is repaid.

(d) Capitalization of Costs

Carrying charges, consisting principally of interest and grants in lieu of municipal taxes attributable to properties under development, are capitalized as part of the cost thereof.

(e) Administration and Management Fees

Management fees relating to the operation of Ontario Student Housing Corporation in the amount of \$25,000 are included in the reported total in accordance with an agreement between the two Corporations.

(f) Supplies and Equipment

Furniture and equipment purchases for general office use are charged to supplies and equipment in the year of acquisition.

ONTARIO HOUSING CORPORATION

(g) Administrative Support Services

During the year ended December 31, 1977, there was a significant change in the method of providing administrative support services to Ontario Housing Corporation. Prior to April 1, 1977, all such services were provided from in-house resources. Effective April 1, 1977, due to organizational changes, these administrative support service resources were transferred to the Ministry of Housing. For the nine month period from April 1, 1977 to December 31, 1977, the value of such support service costs, amounting to \$8,872,565, was allocated to Ontario Housing Corporation on a basis acceptable to both the Corporation and the Ministry.

3. LOSS ON PROVINCIAL HOUSING OPERATIONS

Provincial housing properties are those that are owned and administered by the Ontario Housing Corporation. Individual property operating statements are prepared for the benefit of Central Mortgage and Housing Corporation and two hundred and seventy-three municipalities.

4. RENT SUPPLEMENT PAYMENTS TO LANDLORDS

Under its rent supplement program, the Corporation provides rent-geared-to-income accommodation within the private sector to applicants from its waiting list. The cost of this program is shared with Central Mortgage and Housing Corporation and fifty-eight municipalities. As at December 31, 1977, there were 8,769 such units under contract with landlords throughout the province.

5. FEDERAL-PROVINCIAL HOUSING OPERATIONS LOSS

Federal-Provincial housing properties were developed under partnership agreements by Central Mortgage and Housing Corporation and are administered by Ontario Housing Corporation and thirty-five housing authorities throughout the province. Individual property operating statements are prepared for the benefit of Central Mortgage and Housing Corporation and forty-one municipalities. The loss reported in the Statement of Operations represents Ontario Housing Corporation's share only.

6. PROVINCIAL CONTRIBUTIONS TO MUNICIPAL HOUSING PROJECTS

In 1977 the Corporation agreed to contribute \$2,485,353 (1976—\$2,426,130) to The Metropolitan Toronto Housing Company Limited towards operating subsidy costs for senior citizen apartment units.

7. MORTGAGE GUARANTEE RESERVE

The outstanding balance of approved lenders' mortgages guaranteed as at December 31 was \$52,670,383 in 1977 (\$60,505,857 in 1976).

8. PROPERTY DAMAGE RESERVE

The reserve is intended to cover repair costs relating to minor damage by fire, wind, water and vandalism.

9. CONTINGENCY

In June 1967, the Ontario Government passed The Condominium Act. The initial response to this new housing legislation from the private sector was limited which prompted Ontario Housing Corporation to embark upon an active program, through Ontario Mortgage Corporation, of financing condominium development. Participation in the financing of more than 14,000 condominium dwellings was undertaken. As an incentive for several of the earlier projects, including Chapel Glen and Flemingdon Woods, comprising more than 2,500 units, Ontario Housing Corporation provided financial guarantees. The contracts for these latter two developments in Metropolitan Toronto included clauses whereby Ontario Housing Corporation agreed to purchase any units remaining unsold six months after substantial completion. Due to a slower than expected public acceptance of high-rise condominiums, Ontario Housing Corporation, under the agreements, became liable during 1972 to purchase the unsold units at these two locations. By mutual agreement with the construction companies, the Corporation's liability with respect to the purchase of the unsold units was deferred in exchange for a corresponding deferment of the companies' liability for interest on construction advances.

Although the construction advances referred to are carried as assets by Ontario Mortgage Corporation, Ontario Housing Corporation is financially responsible for any settlement with the construction companies that may be negotiated under the contract clauses described above. As at December 31, 1977, accrued interest on advances for Chapel Glen and Flemingdon Woods projects amounted to \$6,462,257 and such interest has been included as income in the accounts of Ontario Mortgage Corporation.

10. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

On behalf of the Board:

Director

Director

To Ontario Student Housing Corporation and
to the Minister of Housing for the Province of Ontario.

I have examined the balance sheet of Ontario Student Housing Corporation as at December 31, 1977, and the statements of operations and funds due from Ontario Housing Corporation for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1977 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made in accordance with section 17 of Order in Council 3417/66 under which the Ontario Student Housing Corporation was constituted.

Toronto, Ontario,

ONTARIO STUDENT HOUSING CORPORATION

Notes to Financial Statements
December 31, 1977

1. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to 1977 presentation.

2. ACCOUNTING POLICIES

(a) Deferred Income

The deferred income account as at the statement date includes the unearned portion of gain from sale of real estate and net revenue deferred on the operations of the Charles Street property in Toronto.

(b) Administration Fee

Ontario Housing Corporation provides administrative services to Ontario Student Housing Corporation and charges the cost of these services to the latter Corporation. The fee agreed upon between the two Corporations was \$25,000 for the year ended December 31, 1977.

3. INVESTMENT IN RENTAL HOUSING PROPERTIES ON LEASED LAND

The cost of student housing accommodation constructed on land leased from educational institutions is being repaid to the Corporation over the duration of the leases. When costs are fully repaid the buildings will become the property of the various educational institutions. Rental and maintenance activities on twenty-two such properties are administered by eleven universities or colleges in eleven municipalities throughout Ontario.

4. RENTAL HOUSING PROPERTY

This property which is located in Toronto to provide housing for University of Toronto students, is wholly owned by the Corporation and managed by a trust company. Land and building costs are being amortized over the 50 year term of the corresponding indebtedness. Operating losses are payable to the Corporation by the University and are reimbursable to the University from any net revenue of the project.

The amortization charges consist of the following:

	1977	1976
Principal repayments	\$ 61,631	\$ 58,222
Carrying charges	661,226	664,635
Total amortization	<u>\$722,857</u>	<u>\$722,857</u>

5. REPAIR COST ABSORBED

Certain improvements carried out on a specific property were deemed to be the responsibility of the Corporation and were paid during the 1976 fiscal year.

Notes to Financial Statements
March 31, 1978

1. BASIS OF OPERATIONS

The Ontario Land Corporation is an Ontario Crown Corporation created without share capital by The Ontario Land Corporation Act, 1974.

The Corporation was established to assist in the promotion of community and industrial development of land in Ontario by the acquisition of land and the disposal of it to persons in the private and government sectors for residential, community, industrial, governmental and commercial development. The operations of the Corporation have been carried on by Ministries of the Province of Ontario under Management Agreements. These agreements specify among other items that the Ministries will not be reimbursed by the Corporation for administrative costs incurred in the rendering of services to the Corporation.

2. ACCOUNTING POLICIES

The Corporation uses the following accounting policies to account for its inventory of land:

- All lands held by the Corporation at this time are considered to be undeveloped lands. Most of the lands have been leased, principally for agricultural purposes.
- As all the properties held by the Corporation are considered to be undeveloped properties, all costs and revenues from dates of property acquisitions have been recorded as part of the cost of land and no income statement is included in these financial statements.
- Carrying costs for each assembly are being charged to all properties within that assembly on a pro-rata basis regardless of the properties' possible ultimate use.

3. PROPERTY INTERESTS

(a) Property assemblies

	1978	1977
North Pickering.....	\$257,454,309	\$235,459,178
Townsend.....	39,639,104	36,478,831

Edwardsburgh.....		8,780,711
	<u>\$331,332,398</u>	<u>\$312,222,067</u>

Effective March 31, 1978 the Edwardsburgh assembly was transferred to the Ministry of Natural Resources at the Corporation's book value.

ONTARIO LAND CORPORATION

- (b) Carrying costs have been capitalized from date of acquisition by the Corporation to March 31, 1978 for each land assembly as follows:

North Pickering.....	\$56,458,186
Townsend.....	8,671,124
South Cayuga.....	7,480,016
	<u>\$72,609,326</u>

- (c) Certain of the expropriated lands and certain acquisitions require final payments which have yet to be made. An estimate of this amount, which is to be determined by arbitration and negotiation, is between \$6 and \$13 million.

4. NOTES PAYABLE TO THE TREASURER OF ONTARIO

	1978	1977

	<u>\$332,250,000</u>	<u>\$337,750,000</u>

The above notes are not secured nor assignable. The notes are redeemable, in whole or in part, at any time at the option of the Corporation. Interest on the above notes is payable semi-annually.

To the Board of Directors of the Ontario Land Corporation and
to the Treasurer of Ontario and Minister of Economics and
Intergovernmental Affairs.

Under my direction, the balance sheet of Ontario Land Corporation as at March 31, 1978 and the statement of property interests for the year then ended have been examined. The examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as were considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1978 and the changes in its property interests for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

In accordance with section 29 of The Ontario Land Corporation Act, 1974, a report on the audit has been made to the Corporation and to the Minister.

To the Board of Directors of the North Pickering Development Corporation
and to the Minister of Housing.

I have examined the balance sheet of the North Pickering Development Corporation as at March 31, 1978 and the schedule of deferred plan development costs for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1978 and the additions to its deferred plan development costs for the year then ended in accordance with generally accepted accounting principles applied, after giving retroactive effect to the interest on loans referred to in Note 4 to the financial statements, on a basis consistent with that of the preceding year.

In accordance with section 29 of The North Pickering Development Corporation Act, 1974, a report on the audit has been made to the Corporation and to the Minister.

Notes to Financial Statements
March 31, 1978

1. BASIS OF OPERATIONS

The Corporation was created to prepare the Plan for Development and develop the North Pickering Planning Area in accordance with the Plan. It is anticipated that continuing responsibility for the administration and development of lands will be transferred from the Corporation to other areas of the Provincial Government. Title to lands in the North Pickering Planning Area is presently held by the Ontario Land Corporation.

2. ACCOUNTING POLICY

Deferred Plan Development Costs

The Corporation follows the policy of capitalizing planning, development and administrative costs considered as applicable to the generation of income producing assets. All expenditures incurred from the inception of the Corporation on July 30, 1975 to March 31, 1978 have, therefore, been accumulated as deferred plan development costs. The ultimate disposition of these accumulated administration and development costs will become the responsibility of other areas of the Provincial Government.

3. INDEBTEDNESS TO THE TREASURER OF ONTARIO

The Corporation is presently financed by loans from the Treasurer of Ontario. These loans bear interest at the rate of interest equal to the weighted average cost to maturity of long term securities issued by the Province of Ontario payable in Canadian funds and sold to the public during the fiscal year in which the loan is recorded in the Province's accounts.

4. RESTATEMENT OF COMPARATIVE FIGURES

As at March 31, 1977 the 1977 interest rate referred to in Note 3 had not been established and no estimate of the interest charge was recorded. The rates applicable for both 1977 and 1978 were subsequently determined. As a result, the interest charge for the two years was recorded and comparative figures have been restated to reflect the retroactive portion of the charge.

5. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

Notes to Financial Statements
March 31, 1978

1. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to 1978 presentation.

2. ACCOUNTING POLICIES

(a) Interest

In the provision of primary and secondary financing for moderate income families, the Corporation's interest lending rates are set by the Province of Ontario. Where lending rates are lower than the Corporation's borrowing rates, resulting losses arising from such lending at negative interest margins are provided for in provincial annual estimates. For the year ended March 31, 1978, negative margin losses of \$1,810,000 were recovered through the estimates process and included in interest revenue. The balance of \$247,329 of negative margin losses incurred for the year has also been included in interest revenue and will be recovered during the next fiscal year.

(b) Real Estate

Real estate acquired upon default of loans is recorded at the unpaid loan balance plus interest accrued to the date of default, together with any acquisition expenditures incurred and improvement costs, less rental income. In accordance with a Board of Directors resolution, dated August 18, 1977, the accounting policy of claiming real estate acquisition costs, from the Mortgage Contingency Fund immediately upon default, was changed. In order to maintain liquidity in the Mortgage Contingency Fund, it was decided to carry acquired real estate as an asset of Ontario Mortgage Corporation and to claim real estate operating losses from the fund, and to effect settlement of capital losses or gains with the Mortgage Contingency Fund upon disposal of the real estate. No depreciation is recorded on real estate acquired on default due to the temporary nature of these holdings.

(c) Supplies and Equipment

Furniture and equipment purchases for general office use are charged to supplies and equipment in the year of acquisition.

3. MORTGAGE PORTFOLIO ASSETS

Mortgage portfolio assets as at March 31, 1978 consist of the following:

	1978	1977
Insured under the National Housing Act.	\$ 105,351,393	\$ 60,182,588
Miscellaneous insured.	146,339	31,786

	<u>\$ 737,086,856</u>	<u>\$ 690,396,966</u>

ONTARIO MORTGAGE CORPORATION

In the March 7, 1978 Budget Report to the Legislature, the Treasurer of Ontario announced that in the 1978-79 fiscal year, the Ontario Mortgage Corporation will offer for sale approximately \$125 million of the mortgage portfolio owned by the Corporation.

4. MORTGAGE CONTINGENCY FUND

During the year, contingency fees of \$181,413 were paid by the Corporation to the Mortgage Contingency Fund to cover first and second mortgage advances of \$14,513,033. The fees covered mortgages previously excluded from the Fund and low cost family rental housing mortgages financed during the year for which no contingency fees were chargeable.

At a Board of Directors meeting held on March 16, 1978, a charge against current earnings was approved, equal to one-fifth of one per cent of the uninsured mortgage principal balances and real estate acquisitions amounting to \$631,115,064 to be remitted to the Mortgage Contingency Fund to strengthen the liquid resources of the Fund. The approved charge amounted to \$1,262,230. Including the fees of \$181,413, the total charge to the Corporation's current earnings was \$1,443,643.

At March 31, 1978, real estate consisting of 17 properties held by the Mortgage Contingency Fund, was transferred to Ontario Mortgage Corporation for the sum of \$620,078.

Losses incurred on operation and sale of real estate totalled \$317,675 made up as follows:

Ontario Mortgage Corporation.....	\$264,054
Mortgage Contingency Fund.....	53,621
	<u>\$ 317,675</u>

During 1978-79 the expected sales of the portion of Ontario Mortgage Corporation portfolio assets referred to in Note 3 will necessitate a payment from the fund of approximately \$740,000 to insure mortgages with a private mortgage insurance company to facilitate disposal of assets. Similar payments will be required as future asset disposals take place.

5. ACQUIRED REAL ESTATE

As at March 31, 1978, the Corporation had acquired title to 174 properties consisting of townhouses, condominium apartments and single family homes as well as a rental apartment complex.

Acquisition Costs of properties acquired by the Corporation.....	157 properties	\$13,147,598
Acquisition Costs of properties previously held by the Mortgage Contingency Fund (Note 4).....	17 properties	620,078
	<u>174</u>	<u>\$13,767,676</u>
Properties held under Power of Sale.....		2,081,387
		<u>\$15,849,063</u>

Subsequent to the year end, in addition to the above, the total of acquired real estate was increased by \$3.7 million as a result of further acquisition.

The amount included in Mortgage Payable is the balance of the first mortgage outstanding on the acquired rental apartment complex.

6. REMUNERATION OF DIRECTORS AND SENIOR OFFICER

The aggregate direct remuneration for the seven directors and one senior officer for the year ended March 31, 1978 was \$66,241.

7. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation is subject to controls on Compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

I have examined the balance sheet of Ontario Development Corporation as at March 31, 1978 and the statements of operations, industrial parks operations and retained earnings for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1978 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

In accordance with section 24 of The Development Corporations Act, 1973, a report on the audit has been made to the Corporation and to the Minister.

Notes to Financial Statements
March 31, 1978

1. ACCOUNTING POLICIES

- (a) Loans Receivable re Northern Ontario Development Corporation.
Loans Receivable re Eastern Ontario Development Corporation.

Loans are disbursed by these Corporations under section 12(1) of The Development Corporations Act, 1973. In accordance with this Act, the loan agreements have been drawn between the borrowers and Ontario Development Corporation. Accordingly, such loans are deemed as receivable by this Corporation, and also, as payable to Northern Ontario Development Corporation and to Eastern Ontario Development Corporation.

Provision for doubtful accounts excludes the provision relative to term loans administered by Ontario Development Corporation for the above two Corporations. The amount of such provision relative to these term loans is applied as a reduction of the corresponding loans receivable, and as a reduction of Ontario Development Corporation's liability to these two Corporations with respect to such term loans.

Performance loan forgiveness excludes the forgiveness relative to performance loans administered by Ontario Development Corporation for the above two Corporations. The amount of such forgiveness relative to these performance loans is applied as a reduction of the corresponding loans receivable, and as a reduction of Ontario Development Corporation's liability to these two Corporations with respect to such performance loans.

- (b) Serviced land at Sheridan Park, at cost.

The original cost as well as the cost of improvements have been apportioned on a per acre basis, and the resultant per acre cost is used in determining the cost of sales of this land.

ONTARIO DEVELOPMENT CORPORATION

(c) Fixed assets and depreciation.

Fixed assets are stated at acquisition cost and consist of:

	1978		1977	
	Cost \$	Accumulated Depreciation \$	Cost \$	Accumulated Depreciation \$
Land	341,514	—	341,514	—
Buildings and Improvements	5,635,522	2,941,082	5,463,638	2,500,782
Equipment	305,144	254,426	265,364	218,787

	3,195,508	=====	2,719,569	=====
	3,086,672		3,350,947	
	=====		=====	

Generally, depreciation is provided on a straight-line basis, using rates of from 5 to 20 per cent per annum for buildings and improvements, and 20 per cent per annum for equipment.

Equipment purchases for head and district office administration are charged to expense in the year of acquisition.

(d) Expenses

Expenses totalling \$12,402,803 are reflected on a cash basis, and have been paid out of moneys appropriated therefor by the Legislature. These expenses include certain administrative costs incurred on behalf of Northern Ontario Development Corporation and Eastern Ontario Development Corporation.

2. INTEREST, LESS RECOVERIES FROM TREASURER OF ONTARIO

In the provision of term loan financing, where the Corporation's interest lending rates are lower than the borrowing rates, there are resulting losses arising therefrom. Commencing with the 1976-77 fiscal year, such losses were provided to the Corporation out of funds appropriated by the Legislature. For the current fiscal year, an amount of \$1,763,680 was so provided, and an amount of \$84,480 is to be provided through the 1978-79 appropriation making a total of \$1,848,160 which has been deducted from expense.

3. CONTINGENT LIABILITIES

As at March 31, 1978 contingent liabilities in the form of guaranteed bank loans amount to \$9,149,431 (1977—\$11,080,355).

4. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to 1978 presentation.

5. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

NORTHERN ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements
March 31, 1978

1. ACCOUNTING POLICIES

(a) Due from Ontario Development Corporation

Loans are disbursed by the Corporation under section 12(1) of The Development Corporations Act, 1973. In accordance with this Act, the loan agreements have been drawn between the borrowers and Ontario Development Corporation. Accordingly, such loans are deemed as receivable from Ontario Development Corporation.

The amount of the provision for doubtful accounts relative to term loans is applied by the Corporation, through a charge to operations, as a reduction of the amount due from Ontario Development Corporation.

The amount of any forgiveness relative to performance loans is applied by the Corporation, through a charge to operations, as a reduction of the amount due from Ontario Development Corporation.

(b) Lease option contract receivable

This contract pertains to property leased to a client with option to purchase. Only that portion of the rental which does not represent the lessee's potential equity in the property is recorded as income, with the balance of the rental being deducted from the lease option receivable.

(c) Expenses

Expenses totalling \$2,738,498 are reflected on a cash basis, and have been paid out of moneys appropriated therefor by the Legislature. These expenses do not include certain administrative expenses absorbed by Ontario Development Corporation.

Equipment purchases for general office use are charged to supplies and equipment in the year of acquisition.

2. WHOLLY-OWNED SUBSIDIARIES

Performance loans, subject to forgiveness and term loans include amounts of \$452,000 and \$111,767 respectively, advanced to (and representing the Corporation's investment in) Thunder Bay Ski Jumps Limited, a wholly-owned subsidiary. The reported loss of this subsidiary for the year ended March 31, 1978 amounted to \$74,738 and the reported deficit at that date was \$233,423.

The Corporation also owns all the issued shares of Minaki Lodge Resort Ltd. and Minaki Development Company Limited. The Corporation's investment in these wholly-owned subsidiaries was written off in 1975-76. The reported losses of these wholly-owned subsidiaries for the period ended March 31, 1978 amounted to \$234,302. The deficits of these two companies as at March 31, 1978 were reported at \$2,440,935. The contributed surplus of these two companies as at March 31, 1978, arising principally from the receipt of grants from the Province of Ontario, was reported at \$3,738,398.

3. EVENT SUBSEQUENT TO YEAR END

As indicated in Note 2, the Corporation's investment in wholly-owned subsidiaries, Minaki Lodge Resort Ltd. and Minaki Development Company Limited, was written off in 1975-76. However, effective July 18, 1978, this debt in the amount of \$5,000,000 was secured by a debenture payable on demand and bearing interest at the rate of $9\frac{1}{2}$ per cent per annum.

4. INTEREST, LESS RECOVERIES FROM TREASURER OF ONTARIO

In the provision of term loan financing, where the Corporation's interest lending rates are lower than the borrowing rates, there are resulting losses arising therefrom. Additionally, the Corporation, on a cash basis, incurs shortages resulting from interest paid being in excess of interest received. Commencing with the 1976-77 fiscal year, the above two elements have been provided to the Corporation out of funds appropriated by the Legislature. For the current fiscal year, amounts of \$1,692,706 and \$326,000 respectively were so provided from 1977-78 appropriations. A further amount of \$36,000 is to be provided through the 1978-79 appropriations making a total of \$1,982,706 which has been deducted from expense.

NORTHERN ONTARIO DEVELOPMENT CORPORATION**5. ANTI-INFLATION LEGISLATION**

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

ONTARIO PLACE CORPORATION

Notes to Financial Statements
March 31, 1978

1. FIXED ASSETS

The Corporation charges all additions to fixed assets as expenditures in the year of acquisition, and reflects fixed assets on the balance sheet at a nominal value. Funds required for such purchases are provided by way of grants from the Province of Ontario.

The total accumulated costs of fixed assets less disposals as at March 31, are as follows:

	1978 \$	1977 \$
Improvements to land	2,071,607	1,889,533
Buildings	3,723,889	3,239,219
Furniture and equipment	1,568,690	1,486,840
	<u>7,364,186</u>	<u>6,615,592</u>

Additionally, the capital cost of facilities provided by the Province of Ontario less disposals amounted to approximately \$29,001,487 as at March 31, 1978.

2. GROSS PROFIT ON BOUTIQUE SALES

The operations of the boutiques are summarized as follows:

	1978 \$	1977 \$
Sales	613,581	519,088
Cost of sales		
Opening inventory	46,375	31,800
Purchases	374,037	321,233
	<u>420,412</u>	<u>353,033</u>
Closing inventory	72,938	46,375
	<u>347,474</u>	<u>306,658</u>
Gross profit on boutique sales	<u>266,107</u>	<u>212,430</u>

3. CAPITAL EXPENDITURES

Of the \$1,000,000 Province of Ontario capital grant, only \$790,983 was expended during the year ended March 31, 1978. The unspent balance of \$209,017 was committed to capital projects which were in process at March 31, 1978. Additionally, \$115,711 was incurred for 1978-79 capital projects resulting in a net unspent capital grant balance of \$93,306.

4. NET OPERATING INCOME

The net operating income of \$80,961 includes the unspent capital funds referred to in note 3 above. Had it not been for this underexpenditure, there would have been an operating loss of \$12,345.

5. EXTRAORDINARY INCOME

This represents funds recovered from the Corporation's former director of programming and entertainment and former director of construction, planning and maintenance and two other persons convicted of fraud against the Corporation.

6. COMMITMENTS

On January 26, 1978 a severe storm caused damages of approximately \$463,000 to Ontario Place property. As of March 31, 1978 commitments have been made to complete repairs in the summer of 1978.

ONTARIO PLACE CORPORATION

7. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

To Ontario Place Corporation, and
to the Minister of Industry and Tourism.

I have examined the balance sheet of Ontario Place Corporation as at March 31, 1978, and the statement of operations and retained income for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1978 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Corporation and to the Minister.

On behalf of the Board:

Chairman

Vice Chairman of Administration

To the Workmen's Compensation Board and
to the Minister of Labour.

Under my direction, the statement of financial position—Schedule 1 Accident Fund and Schedule 2 of Workmen's Compensation Board as at December 31, 1977 and the statement of income and unfunded liability—Schedule 1 Accident Fund for the year then ended have been examined. The examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as were considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at December 31, 1977 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Board and to the Minister.

WORKMEN'S COMPENSATION BOARD

**Consulting Actuary's Report on the Valuation of the Actuarial Liabilities
of the Schedule I Accident Fund of the Workmen's Compensation Board of Ontario
as at December 31, 1977**

The estimated present value of future compensation, pension payments and medical aid under Schedule I on account of accidents that occurred on or before December 31, 1977 in the amount of \$1,500,000,000 has been computed by the Board's Staff Actuary in accordance with methods and assumptions approved by us. We believe that the assumptions made are appropriate for this valuation and the methods employed are in accordance with sound actuarial principles. We have made such tests of the calculations as were deemed necessary. We have also examined the data upon which the calculations were based and found it to be sufficient for our purposes and consistent with the Board's financial statements.

In calculating the present value, no provision was made for potential future legislated amendments to The Workmen's Compensation Act. The methods and assumptions employed are similar to those employed in the valuation as of December 31, 1976 except that in the current valuation, specific allowance was made for the effect of the earnings ceiling and minimum benefit provisions on future compensation payments and provision was made for investment risk.

In our opinion, which includes the foregoing comments, the amount of \$1,500,000,000 as at December 31, 1977 makes reasonable provision for future compensation, pension payments and medical aid under Schedule I on account of accidents that occurred on or before December 31, 1977.

WORKMEN'S COMPENSATION BOARD

Notes to Financial Statements
year ended December 31, 1977

1. ACCOUNTING POLICIES

- (a) Investments purchased for a premium or discount are amortized on a yield basis.
- (b) Fixed assets are recorded at cost and depreciated on a straight line basis at the following rates:
- | | |
|----------------------------------|-----|
| Buildings | 2½% |
| Equipment | 20% |
| Motor vehicles | 25% |
| Leasehold improvements | 10% |
- (c) Assessment income is determined on the basis of provisional payrolls reported by employers; at year end, an accrual is calculated to give effect to the additional assessment revenue anticipated as a result of the actual payrolls being greater than provisional.
- (d) The Board has established assessment policies which are deemed to be sufficient to finance an unfunded liability which has been determined to exist as a result of making the provision for the estimated present value of future payments referred to in (e).
- (e) The estimated value of future payments to existing claimants is determined annually on the basis of actuarial valuations.

2. RECLASSIFICATION

Certain of the 1976 comparative figures have been reclassified in order to conform with the current year's financial statement presentation.

4. INVESTMENTS

During the year the Board determined it desirable to continue to restructure its investment portfolio, in order to increase the effective yield on its investments, by selling certain investments and using the funds to purchase investments with a higher effective yield. A loss of \$5,785,000 (1976—\$4,942,000) was recorded on the sale of the investments. There was a gain of \$1,000 on Schedule 2 investments. The benefits of this restructuring will be spread over the life of the purchased investments in the form of higher investment income.

5. ANTI-INFLATION GUIDELINES

Pursuant to the terms of the enabling Act of the Ontario Legislature, the Board is subject to Part IV of the guidelines issued under the Federal Anti-inflation Act. Accordingly salaries and wages paid by the Board are subject to restraint under the Federal program.

The Board is in full compliance with the anti-inflation guidelines from the date of inception of the program to December 31, 1977.

6. COMMITMENT TO BOARD'S SUPERANNUATION FUND

The triennial review of the Superannuation Fund, as required at January 1, 1977 under The Pension Benefits Act, Ontario has been deferred to January 1, 1978 with the approval of the Ontario Pension Commission. Pending the submission of that review, the Board has suspended for 1977, the annual supplementary contribution of \$1,500,000 as previously recommended.

ALGONQUIN FORESTRY AUTHORITY

Notes to Financial Statements
March 31, 1978

1. FIXED ASSETS, DEPRECIATION AND AMORTIZATION

Fixed assets in service are stated at acquisition cost and consist of:

	1978		1977	
	Cost	Accumulated Depreciation and Amortization	Cost	Accumulated Depreciation and Amortization
	\$	\$	\$	\$
Furniture and fixtures	24,387	5,231	20,395	3,059
Technical equipment	4,360	795	3,066	432
Automotive equipment	50,696	23,182	25,195	11,214
Buildings and structures	13,518	563	—	—
Capital roads	179,406	56,353	140,362	26,224
	272,367	86,124	189,018	40,929
	86,124		40,929	
	186,243		148,089	

Depreciation is provided for on the straight line method, generally using rates of 10 per cent per annum for furniture, fixtures, technical equipment, buildings and structures and $33\frac{1}{3}$ per cent per annum for automotive equipment. The cost of capital roads is amortized over the estimated number of operating seasons for which the roads are to be used, with a maximum amortization period of ten years.

2. DEFERRED CHARGES

The costs of \$34,686 relate to a survey of tolerant hardwoods as part of a forest management plan. The Authority plans to amortize these costs on a straight line basis over twenty years commencing with the 1980-81 fiscal year.

3. GRANT, PROVINCE OF ONTARIO

The Authority received a grant of \$30,000 for the 1978 fiscal year from the Province of Ontario pursuant to section 12 of The Algonquin Forestry Authority Act, 1974. This grant was to cover extraordinary expenses for the 1978 fiscal year.

4. COMPARATIVE FIGURES

Comparative figures for 1977 have been reclassified where necessary to conform with 1978 presentation.

5. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Authority is subject to controls on prices, profits, and compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

ALGONQUIN FORESTRY AUTHORITY

To the Members, Algonquin Forestry Authority, and
to the Minister of Natural Resources.

I have examined the balance sheet of the Algonquin Forestry Authority as at March 31, 1978 and the statements of income and expense, surplus, and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at March 31, 1978 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

In accordance with section 18 of The Algonquin Forestry Authority Act, 1974, a report on the audit has been made to the Authority and to the Minister.

Toronto, Ontario,
May 31, 1978

THE NIAGARA PARKS COMMISSION

Notes to Financial Statements
for the year ended October 31, 1977

1. ACCOUNTING POLICIES

(a) Inventories

Inventories are valued at the lower of cost and net realizable value.

(b) Fixed assets

All fixed assets are recorded at cost. Depreciation has been recorded on the straight-line method, using rates from 2 to 20 per cent for buildings, roadways and structures, from 10 to 50 per cent for equipment and furnishings, and from 15 to 25 per cent for automobiles and trucks.

2. FIXED ASSETS

	Cost	Accumulated Depreciation	Net Book Value
	\$	\$	\$

	<u>22,333,930</u>	<u>7,992,565</u>	<u>14,341,365</u>

3. CAPITAL PROGRAM

The Commission has commenced initial work in connection with the development of a parking area and transit system to alleviate traffic problems in Queen Victoria Park. The total cost of this program, which will extend over a period of years, is estimated to be \$8,800,000. As at October 31, 1977, \$247,700 has been expended on the program. The Commission has earmarked \$1,300,000, which has been invested for the eventual use toward this capital program (October 31, 1976—\$800,000).

4. MORTGAGE PAYABLE

The mortgage payable is secured by land with a carrying value of \$70,000.

5. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Commission is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

6. COMPARATIVE FIGURES

Comparative figures for 1976 have been reclassified where necessary to conform to 1977 presentation.

To The Niagara Parks Commission and
to the Minister of Natural Resources.

I have examined the balance sheet of The Niagara Parks Commission as at October 31, 1977 and the statements of income and expenditure, equity and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Commission as at October 31, 1977 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Commission and to the Minister.

AUDITOR'S REPORT

To the Ontario Northland Transportation Commission and
to the Minister of Northern Affairs.

I have examined the consolidated balance sheet of the Ontario Northland Transportation Commission as at December 31, 1977, and the consolidated statements of income, retained income, contributed surplus and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these consolidated financial statements present fairly the financial position of the Commission as at December 31, 1977 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles, after giving retroactive effect to the change in accounting relative to Provincial subsidies income referred to in note 6 to the financial statements, applied on a basis consistent with that of the preceding year.

Toronto, Ontario,
March 23, 1978.

F. N. SCOTT, C.A.,
Provincial Auditor.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 1977

1. Accounting Policies

(a) *Basis of consolidation*

The consolidated financial statements include the accounts of the Commission and its wholly-owned subsidiaries, Star Transfer Limited and The Owen Sound Transportation Company, Limited.

(b) *Materials and supplies*

With the exception of used rail, all materials and supplies are shown at cost. Used rail is shown at estimated utility value.

(c) *Franchises*

Franchises consist of the following:

	1977	1976
	\$	\$
Bus and truck franchises	485,439	485,439
Excess of cost of investment in subsidiaries over the book value of the underlying net assets at dates of acquisition	468,994	468,994
	<u>954,433</u>	<u>954,433</u>

In the opinion of management there is no indication of a decline in value of the above items and accordingly they are not being amortized.

(d) *Investment in property and depreciation*

Fixed assets are stated at acquisition cost with the exception of the Commission's office furniture and equipment, which is charged to operations in the year of purchase. With the exception of highway equipment, depreciation is primarily provided on a straight-line basis based upon the estimated service lives of depreciable property. Highway equipment is depreciated on the diminishing balance basis based upon the estimated service life of the equipment. Except for uncompleted projects, for which no depreciation is provided, depreciation generally is based on asset balances at the beginning of the year. For railway and telecommunication properties, the rates used are as authorized by the Canadian Transport Commission. The estimated service lives used for principal categories of assets are as follows:

Road—main line and branches	20 to 200 years
Railway diesel locomotives	25 years
Railway freight cars	33 years
Vessel	33 years
Aircraft	10 years
Barges	20 years

Three aircraft and the vessel M.S. Chi-Cheemaun, originally acquired and owned by the Ontario Ministry of Transportation and Communications, were transferred to the Commission and The Owen Sound Transportation Company, Limited, respectively, during 1975. Accordingly, these fixed assets have been recorded at their original cost as incurred by the Ministry together with offsetting credits to Contributed Surplus. Additionally, reimbursements by the Province of Ontario of the costs of certain fixed assets initially purchased by the Commission and The Owen Sound Transportation Company, Limited, are credited to Contributed Surplus. Annual depreciation charges on these fixed assets, including the aircraft and the vessel, are recorded as a reduction to Contributed Surplus.

(e) *Income taxes*

As Crown Corporations of the Province of Ontario, the Commission and its wholly-owned subsidiaries are exempt from income taxes and accordingly no provision is reflected in operations.

(f) *Self-insurance*

The Commission and its wholly-owned subsidiary, Star Transfer Limited, follow the policy of self-insuring for damage from train derailments and motor vehicle collisions respectively.

2. Accounts Receivable

Accounts receivable include subsidies receivable from the Province of Ontario amounting to \$2,226,026 (1976—\$814,810).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—Continued

3. Contributory Pension Fund

As at December 31, 1977, based on the latest actuarial reviews, less payments, the remaining unfunded liability of the Commission and its wholly-owned subsidiaries under the Commission's Contributory Pension Fund totals \$36,744,196. Of this amount \$19,443,107 represents the initial unfunded liability as of January 1, 1965; the balance of \$17,301,089 represents the outstanding amount of unfunded liabilities created subsequent to January 1, 1965.

The Commission and its subsidiaries are making payments of interest and principal into the fund in accordance with the Regulations under The Pension Benefits Act. These payments have the effect of:

- preventing an increase in the initial unfunded liability;
- liquidating the balance of the unfunded liabilities over a period ending substantially December 31, 1990.

4. Anti-Inflation Legislation

The Commission and its wholly-owned subsidiaries are subject to controls on prices, profits and compensation instituted by the Federal Government in the Anti-Inflation Act effective October 14, 1975.

5. Lease Commitment

Under the terms of a lease agreement dated October 1, 1976, the Commission is committed to lease four Trans Europ Express-1 diesel-electric trainsets and major exchange spare components from the Urban Transportation Development Corporation Ltd., (UTDC). The agreement provides for a net, net lease between the Commission and UTDC for a term of sixty-three months commencing May 4, 1977. Rent paid during the current year was \$1,000,000 with the balance payable by the Commission, in advance, in eight semi-annual payments of \$500,000 each.

6. Change in Accounting Policy

The profit of \$91,338 transferred from The Owen Sound Transportation Company, Limited to the Ontario Northland Transportation Commission was applied as a reduction to Provincial subsidies income. This change in accounting policy has been applied retroactively and the net income for 1976 has been restated by \$358,956.

7. Capital Restructuring

The Province of Ontario has made certain recommendations respecting the capital restructuring of the Ontario Northland Transportation Commission. Such recommendations will become effective upon completion of a Memorandum of Understanding between the Ministry of Northern Affairs and the Commission. The recommendations provide that \$5,000,000 of demand loans from the Province be converted to non-interest bearing loans and that the proceeds from a 25-year serial debenture for \$40,500,000 to be held by the Treasurer of Ontario will first retire the balance of demand loans and secondly provide for additional capital commitments as required. Terms of the debenture will provide for only interest payments to 1983 after which both principal and interest payments will commence. The Commission will be authorized to borrow up to \$1,000,000 from chartered banks for working capital requirements provided such loans are not guaranteed by the Province of Ontario. In addition certain services designated as non commercial operations are to receive full subsidy, including an allowance for a return on any assets employed.

8. Bank Loan

This loan, bearing interest at 10 per cent, represents partial financing for the construction of the new Toronto terminal, and is secured by the general credit of the Ontario Northland Transportation Commission. Upon completion of construction of the terminal in 1978, the balance outstanding at that time will be secured by a first mortgage. The additional construction costs are estimated to be approximately \$1.4 million.

TORONTO AREA TRANSIT OPERATING AUTHORITY

Notes to Financial Statements

March 31, 1978

(In thousands of dollars)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) General

Financial statements are prepared on the accrual basis using commercial accounting practices.

(b) Spare parts and supplies

Spare parts and supplies are valued at the lower of cost and replacement cost. Cost in respect of items acquired from the Ministry of Transportation and Communications on April 1, 1975, was determined as replacement cost as at that date. The Authority uses the first-in, first-out method to record transfers from spare parts and supplies.

(c) Fixed assets

Fixed assets are valued at cost. Cost in respect of assets acquired from the Ministry of Transportation and Communications on April 1, 1975, was determined as replacement cost as at that date, less depreciation calculated on the replacement values on a straight-line basis.

The Authority provides for the depreciation and amortization of the various classes of assets over their respective estimated useful lives, employing the following rates on the straight-line basis:

Buildings and equipment

Buildings	Varying rates between 5% and 20%
Locomotive and auxiliary power control units	4%
Rail rolling stock	4%
Buses	Varying rates between 8% and 14%
Parking lots	5%
Sundry	Varying rates between 5% and 25%
Improvements to railway right of way and to railway plant	Varying rates between 5% and 33%

When assets are sold or otherwise disposed of, the related asset values and accumulated depreciation are removed from the respective accounts. Gains or losses on disposition are recorded in the statement of operations.

(d) Commuter services revenue

Revenue is recognized when the transportation service is provided. Unearned amounts are treated as current liabilities.

(e) Subsidies

Operating subsidies paid by the Province of Ontario are treated as reductions of operating losses.

3. TORONTO TRANSPORTATION TERMINAL PROJECT

The Toronto Transportation Terminal Project initially involved the Province of Ontario, the Authority, the Government of Canada, the Canadian National Railways, the Canadian Pacific Railways and the Toronto Terminal Railway Company. As the parties have not reached agreement on a satisfactory cost sharing arrangement, work is proceeding at the Authority's expense on a modified program which provides only for the immediate needs of Go Transit services.

(In thousands of dollars)

4. PROGRESS PAYMENTS ON RAIL EQUIPMENT

Progress payments represent disbursements for sixty-four undelivered bi-level commuter coaches under construction by Hawker Siddeley Canada Ltd. and six undelivered locomotives under construction by General Motors of Canada Limited.

5. COMMITMENTS

The nature and cost of commitments undertaken by the Authority are outlined below:

Contract for the construction of sixty-four bi-level commuter coaches as mentioned in Note 4, net of progress payments made to March 31, 1978	\$ 8,500
Memorandum of understanding for improvements to the railway right of way on the Richmond Hill corridor, net of payments made to March 31, 1978	400
Station redevelopment costs, net of payments made to March 31, 1978	100
Memorandum of intent to lease proposed bus terminal facilities at Yorkdale Shopping Centre for a period of fifteen years at an annual rent of \$345	5,200
Agreement to purchase land in the Borough of Etobicoke for the site of the rail maintenance facilities, net of deposit	1,800
Contract for the construction of six locomotives as mentioned in Note 4, net of progress payments made to March 31, 1978	1,400
Memorandum of understanding for improvements to the railway right of way on the Streetsville/Milton corridor, net of payments made to March 31, 1978	32,900
Estimates of other costs associated with improvements to the Streetsville/Milton corridor	9,300
Agreement for the development of the Toronto Transportation Terminal Project as mentioned in Note 3, net of payments made to March 31, 1978	11,500
	<u>\$71,100</u>

6. OPERATING AGREEMENTS

The services provided by the Authority are operated by outside parties using vehicles and rolling stock owned by the Authority. These services are governed by the following agreements:

<i>Party</i>	<i>Period of Agreement</i>
Canadian National Railway	Temporary agreement remaining in force until new agreement is signed (Note 7).
Gray Coach Lines	January 1, 1976 to December 31, 1978.
Travelways Maple Leaf Limited	May 1, 1977 to April 30, 1978.
Toronto Terminal Railway	April 20, 1976 to April 30, 1977.

In response to these outside parties committing some of their resources to provide these services, the Authority has agreed to provide additional resources to some of these parties in the event that their facilities become inadequate to meet their normal demands.

7. AGREEMENT WITH CANADIAN NATIONAL RAILWAY

The Authority is negotiating a new agreement with the Canadian National Railway to replace the original agreement which expired on May 22, 1977. The Authority has included in these financial statements, those amounts which it believes it will be required to pay based upon the negotiations which have been held to date.

8. COMPARATIVE FIGURES

Certain comparative amounts were reclassified to conform with 1978 presentation.

TORONTO AREA TRANSIT OPERATING AUTHORITY

Auditors' Report

To the Members of the Toronto Area Transit Operating Authority and
the Minister of Transportation and Communications.

We have examined the balance sheet of the Toronto Area Transit Operating Authority as at March 31, 1978 and the statements of operations, equity and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Authority as at March 31, 1978 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

THE ONTARIO TRANSPORTATION DEVELOPMENT CORPORATION

Notes to Balance Sheet
for the year ended December 31, 1977

1. DEFICIT

The deficit is made up as follows:

	\$
Surrender of Krauss Maffei Licence for which 1,700,000 common shares of the company were originally issued at an ascribed value of \$3 per share.....	5,122,023
Net assets as of August 29, 1975, transferred to Urban Transportation Development Corporation Ltd., without consideration to the company (shares issued directly to the Minister of Transportation & Communications).....	6,278,057
Accumulated losses for years ended December 31, 1973, 1974 and 1975.....	887,444
	<u>12,287,524</u>

2. FINANCING AGREEMENTS

During the year, the corporation has entered into a number of agreements relating to financing of a transportation development system of an affiliated corporation. Under the terms of these agreements the corporation has issued an income debenture to the Province of Ontario (shareholder) in the amount of \$55,500,000 of which \$20,713,814 has been advanced as at December 31, 1977 and is shown as accrued liability under financing agreements on the balance sheet.

The affiliate has issued to the corporation a similar debenture in the same amount of which \$20,713,814 has been advanced as at December 31, 1977.

Interest at the rate determined by the Treasurer of Ontario to be applicable to Ontario Crown Agencies and Corporations is payable annually only to the extent and out of the net profits of the affiliate from the ICTS program for the calendar year prior to the interest payment date. The portion of any interest which is not payable, because there is no net profit to the affiliate from the ICTS program, is extinguished.

The debenture matures on May 9, 1997 and will be secured by a first floating charge on the corporation's assets.

3. DUE TO PROVINCE OF ONTARIO (SHAREHOLDER)

During the year, the corporation issued a 6% promissory note, payable upon demand, in the amount of \$6,250,000. The proceeds have been pledged as collateral security for any payment arising under a guarantee of the obligations of an affiliated corporation. The liability of the corporation under this guarantee is limited to \$6,250,000.

The corporation incurred interest expense of \$203,888 on the promissory note during the year. This was offset by interest income of \$203,888 earned on the proceeds of the loan, resulting in neither profit nor loss from operations for the year ended December 31, 1977.

AUDITORS' REPORT TO THE SHAREHOLDER

We have examined the balance sheet of The Ontario Transportation Development Corporation as at December 31, 1977. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

As described in note 2 to the balance sheet, an affiliate has issued an income debenture for \$20,713,814 to the corporation. Realization of this amount is contingent upon the affiliate's successful development and marketing of the transportation development system. We are unable to form an opinion as to the likelihood of these events and therefore the collectibility of the income debenture.

In view of the possible material effect on the balance sheet of the matter discussed in the preceding paragraph, we express no opinion as to the overall financial position of the corporation as at December 31, 1977.

In our opinion, however, cash, current liabilities, accrued liability under financing agreements due to the Province of Ontario, capital stock and contributed surplus are presented fairly in the balance sheet, all in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

URBAN TRANSPORTATION DEVELOPMENT CORPORATION LTD.

Notes to Financial Statements
for the year ended December 31, 1977

1. ACCOUNTING POLICIES

(a) Investment in subsidiary

The investment in Toronto Transit Consultants Ltd., a wholly-owned subsidiary, is being carried at cost less accumulated losses to date as it is immaterial in relation to the financial position and the results of operations of the corporation.

(b) Inventories

Inventories are valued at the lower of actual cost by specific identification and net realizable value.

(c) Deferred production expenses and revenue

Revenues and expenditures on long-term contracts are deferred until such time as deliveries are made.

(d) Fixed assets

Depreciation commences when the asset is put into service and terminates upon disposal.

ICTS—Test track—The test track presently under construction will be depreciated over the estimated life of the current phase of the ICTS program of two years.

Other operations—Automotive vehicles and furniture and equipment are being depreciated by the declining balance method at rates of 30% and 20% per annum respectively.

Leasehold improvements are being amortized over the term of the lease.

(e) Deferred development costs

The corporation defers direct expenditures which are identified with those specific projects for which, in management's opinion, marketable products have been designed and commercial markets identified.

It is the corporation's intention to amortize these costs over their estimated period of benefit commencing with significant commercial usage of related products.

(f) Contributed surplus

A shareholder has reimbursed the corporation for certain development costs related to the ICTS program (note 10). The corporation has treated the reimbursement of these development costs as contributed surplus.

(g) Translation of foreign currencies

Amounts receivable and payable in foreign currencies are generally covered by forward exchange contracts entered into at the time of the related transaction and are translated at the exchange rates in those contracts.

Any other amounts are translated at rates approximating those in effect at the end of the year. Translation gains and losses are included in determining net earnings in the year in which the exchange rate changes.

2. DEFERRED PRODUCTION EXPENSES

As part of its light rail vehicle program, the corporation has received an order for 200 streetcars and spares. Expenditures relating thereto, principally on the production and testing of the first 10 units and the cost of cars and propulsion systems for the 200 units are classified as deferred production expenses on the accompanying balance sheet.

4. RENTAL EQUIPMENT

The corporation has leased four Trans Europe Express (TEE) Trains for approximately a five year term at an annual rental of \$1,000,000, after which the lessee has the option to purchase the TEE trains at a price of \$400,000. Rental revenue and depreciation of rental equipment are being recognized on a straight-line basis over the term of the lease.

5. DEVELOPMENT AND DESIGN COSTS

During the year, the corporation incurred development and design modification costs relating to the design, production and testing of the first 10 light rail vehicle prototypes (note 2).

6. BANK ADVANCES AND SHORT-TERM LOANS

Short-term deposits and notes in the amount of \$5,000,000 have been pledged as security for bank advances and short-term loans.

7. LONG-TERM DEBT

	\$

Current portion of long-term debt	600,000
	<u>2,100,000</u>

The note is secured by the rental equipment and an assignment of the rents and other amounts payable under the lease.

8. INCOME DEBENTURE DUE TO AFFILIATE

The corporation has issued an income debenture to an affiliated company in the amount of \$55,500,000 of which \$20,713,814 has been advanced as at December 31, 1977. (Refer also to note 13).

Interest at the rate determined by the Treasurer of Ontario to be applicable to Ontario Crown Agencies and Corporations is payable annually only to the extent and out of the net profits of the ICTS program for the calendar year prior to the interest payment date. The portion of any interest which is not payable, because there is no net profit from the ICTS program, is extinguished.

The debenture matures on May 9, 1997 and will be secured by a fixed and floating charge on the ICTS assets.

9. CAPITAL STOCK

UTDC acquired the net assets of the Ontario Transportation Development Corporation as at August 29, 1975 in exchange for shares of the corporation.

The shareholders' equity accounts of the Ontario Transportation Development Corporation as at August 29, 1975 were as follows:

	\$
Capital stock	11,100,000
Contributed surplus	1,187,524
Deficit	(6,009,467)
	<u>6,278,057</u>

10. CONTRIBUTED SURPLUS

Development costs of \$5,960,668 related to the Phases I and II of the ICTS program have been reimbursed by a shareholder as follows:

	\$
To the Ontario Transportation Development Corporation	1,187,524
To Urban Transportation Development Corporation Ltd.	4,773,144
	<u>5,960,668</u>

URBAN TRANSPORTATION DEVELOPMENT CORPORATION LTD.

11. COMMITMENTS

The corporation has entered into or assumed responsibility for the following significant contracts:

Light rail vehicle program

The corporation has received an order for 200 streetcars and spares to be delivered by 1980 at an approximate selling price in 1977 dollars of \$89,700,000.

Purchase commitments relating thereto, principally on the design, development, production and testing of the first 10 units and the cost of cars and propulsion systems for the 200 units, amount to approximately \$84,000,000 of which \$17,600,000 has been expended to date.

Intermediate capacity transit system

Purchase commitments relating to design and development, including construction, installation and testing of a development system and test facility, amount to \$36,800,000, of which \$15,250,000 has been expended to date.

12. REMUNERATION OF DIRECTORS AND SENIOR OFFICERS

There are eight directors and six officers of the corporation. Two of the directors are also officers of the corporation. The aggregate remuneration of officers for the year amounted to \$252,800. The aggregate remuneration of the directors for the year amounted to \$26,600.

13. ICTS PROGRAM

The company is carrying out, under contract with The Ministry of Transportation and Communications, a development program in respect of an intermediate capacity transit system (ICTS). The program is being funded by The Treasurer of Ontario through the purchase of income debentures issued by The Ontario Transportation Development Corporation who in turn advances these funds to UTDC.

The program is considered to involve a large element of technological and commercial risk and all costs associated therewith are accordingly written off as incurred. Because of the significance of this program to the company's operations, the related costs, flow of funds and accumulated results are disclosed separately through these financial statements.

14. ANTI-INFLATION ACT

The company is subject to restraint of profit margins, prices and compensation under the terms of the Anti-inflation Act and Regulations which became effective October 14, 1975.

15. INCOME TAXES

The corporation is exempt from income taxes under Section 149(1)(d) of The Income Tax Act.

16. GUARANTEE

The corporation has guaranteed a bid bond of the Metro Canada Consortium in the amount of \$6,393,000 and has pledged marketable securities in the amount of \$6,600,000 as security. Subsequent to December 31, 1977 the bid bond was released, and the guarantee and the security discharged.

17. INTEREST EXPENSE

The following interest expense has been incurred during the year:

	\$
On long-term debt	95,000
Other	618,000
	<u>713,000</u>

These amounts have been netted against other income and interest income respectively.

Auditors' Report to the Shareholders

We have examined the balance sheet of Urban Transportation Development Corporation Ltd. as at December 31, 1977 and the statements of earnings, deficit and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the corporation as at December 31, 1977 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A GUIDE TO PUBLIC ACCOUNTS

1. SCOPE OF THE PUBLIC ACCOUNTS

The 1977-78 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province and schedules of supporting information.

Volume 2 contains the financial statements of those provincial crown corporations, agencies, boards and commissions in which the Province has an investment or which have borrowed from the Province or from others with a guarantee by the Province. Also included are certain operational agencies which are funded substantially or entirely by revenues generated from their operations.

Volume 3 contains the details of expenditures required by the Standing Public Accounts Committee.

2. A GUIDE TO VOLUME 3 OF THE PUBLIC ACCOUNTS

Details of expenditure are reported under the following categories for each ministry:

(1) Voted Appropriations

(a) Salaries and Wages

Listed are the salary rates of those employees on staff at March 31, where the annual rate is in excess of \$25,000.

(b) Employee Benefits

(c) Travelling Expenses

Individuals whose total travelling expenses were more than \$2,500 are listed alphabetically. The travelling expenses of Ministers, Parliamentary Assistants and Deputy Ministers are included regardless of amount.

(d) Other Payments

Recipients of payments accumulating to more than \$10,000 are listed in alphabetical sequence under various subheadings appropriate to the individual ministry.

(2) Statutory Appropriations

Amounts paid are listed by individual Statutory Appropriation.
